IN THE HOUSE OF REPRESENTATIVES

HOUSE BILL NO. 294

BY WAYS AND MEANS COMMITTEE

AN ACT
RELATING TO WOLVES; PROVIDING LEGISLATIVE INTENT; AMENDING SECTION 36-715, IDAHO CODE, TO PROVIDE FOR TRANSITION FROM FEDERAL MANAGEMENT OF WOLVES TO STATE MANAGEMENT, TO PROVIDE FOR CERTAIN AUTHORITIES AND DUTIES OF THE FISH AND GAME COMMISSION AND THE OFFICE OF SPECIES CONSERVATION RELATING TO WOLF CONSERVATION AND MANAGEMENT AND TO REVISE THE AUTHORITIES AND DUTIES OF THE DEPARTMENT OF FISH AND GAME RELATING TO WOLF CONSERVATION AND MANAGEMENT.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. LEGISLATIVE INTENT. It is the public policy of the state of Idaho to use every option to assert state sovereignty and mitigate the impacts of gray wolves on residents of the state of Idaho and to seek the delisting and management of gray wolves at recovery levels that will ensure viable, self-sustaining populations pursuant to the Idaho Wolf Conservation and Management Plan. The state of Idaho arrived at this policy in 2002 with the passage of Senate Concurrent Resolution No. 134, which approved the Idaho Wolf Conservation and Management Plan, after objecting to the reintroduction of wolves and after adopting a memorial seeking the removal of wolves from the state. The Idaho Wolf Conservation and Management Plan affirms that Idaho is on the record asking the federal government to remove wolves from the state by the adoption in 2001 of House Joint Memorial No. 5 but that in order to use every available option to mitigate the severe impacts on the residents of the state of Idaho, the state will seek delisting and manage wolves at recovery levels that will ensure viable, self-sustaining populations pursuant to the Idaho Wolf Conservation and Management Plan. Pursuant to Section 67-818, Idaho Code, the Idaho Wolf Conservation and Management Plan is the policy of the state of Idaho subject to legislative approval, amendment or rejection by concurrent resolution. Idaho directly opposes the fundamental flaw in the federal Endangered Species Act that allows the wolf reintroduction and other federal initiatives to override state policy. Therefore, in addition to the duties described below, the Fish and Game Commission, through the Department of Fish and Game, shall assist the Governor's Office of Species Conservation in seeking changes to federal policy that will ensure full partnership between state and federal government in species conservation.

SECTION 2. That Section 36-715, Idaho Code, be, and the same is hereby amended to read as follows:

36-715. WOLVES -- TRANSITION -- AUTHORITIES AND DUTIES OF THE OFFICE OF SPECIES CONSERVATION -- FISH AND GAME COMMISSION -- DEPARTMENT OF FISH AND GAME, REGARDING THE ENDANGERED SPECIES ACT. (1) Since wolf/dog hybridizations are known to exist within Idaho and these hybrids are not protected by the United States endangered species act, a biological evaluation shall be required of the animal to determine species priority before the department of fish and game may take any action in accordance with the United States endangered species act. (2) During the transition from federal management of wolves to state management, the governor's office of species conservation shall be the lead agency and direct implementation of wolf management policy. The department of fish and game shall may assist the office of species conservation in efforts to expedite an orderly transition to state management of wolves pursuant to the provisions of the Idaho wolf conservation and management plan. This transition shall be authorized to expend funds, transfer assets or enter into cooperative agreements with any agency, department or entity of the United States government concerning wolves unless expressly or any state agencies as authorized by state statute except that the Idaho Wolf conservation and management plan. (2) The governor's office of species conservation, and the commission through the department, are authorized to appoint a representative to participate in the northern rocky mountain wolf recovery team and to participate in activities regarding nuisance wolves, and except that the department is allowed to meet and confer with state, local and federal agencies, departments or entities or federally recognized Indian tribes to discuss those federal or tribal entities' plans for wolf reintroduction or for monitoring wolf reintroduction and wolf recovery programs. Additionally, the office of species conservation, and the commission through the department, may cooperate with the legislature, counties, federal agencies, departments, such as the United
State of Idaho, House Bill No. 294 - Wolves, state management

Statement of Purpose / Fiscal Impact

STATEMENT OF PURPOSE
RS 13056C1
The purpose of this legislation is to amend existing law, adding language that allows the Governor's Office of Species Conservation to coordinate an orderly transition from federal management of gray wolves to state management under the Idaho Wolf Conservation Management Plan, including participating in activities regarding nuisance wolves, discussing wolf recovery programs, and cooperating with state and federal entities regarding wolf conflicts in Idaho.

FISCAL IMPACT
There is no fiscal impact to the General Fund. The fiscal impact to the Department of Fish and Game's dedicated fund will be satisfied solely from federal pass-through funding and non-game funding sources and specifically not sportsmen fees.
