DOCKET NO. 13-0110-2201

NOTICE OF INTENT TO PROMULGATE RULES – ZERO-BASED REGULATION NEGOTIATED RULEMAKING

AUTHORITY: In compliance with Section 67-5220, Idaho Code, notice is hereby given that this agency intends to promulgate rules and desires public comment prior to initiating formal rulemaking procedures. This negotiated rulemaking action is authorized by Sections 36-104, 36-501, 36-504, 36-506, 36-701, 36-703, 36-704, 36-706, 36-708, and Title 36, Chapter 22, Idaho Code. This action is consistent with [Executive Order 2020-01](#), Zero-Based Regulation, which directs agencies to review all administrative rules over the five-year period of 2021-2025 (completing review no later than sine die 2026).

MEETING SCHEDULE: One or more meetings to conduct negotiated rulemaking will be scheduled and posted on the agency website at <https://idfg.idaho.gov/about/rulemaking> should a reasonable number of persons respond to this notice.

METHOD OF PARTICIPATION: Those interested in participating in the negotiated rulemaking process must identify themselves to the agency via the below phone number, email or mailing address by April 27, 2022. Upon conclusion of negotiated rulemaking, any unresolved issues, all key issues considered, and conclusions reached during the negotiated rulemaking will be addressed in a written summary. The summary will be made available on the agency website and to interested persons who contact the agency.

The agency may end informal proceedings if there is insufficient participation. The agency has sole discretion in determining the feasibility of scheduling and conducting informal negotiated rulemaking and may proceed directly to formal rulemaking if proceeding with negotiated rulemaking is deemed infeasible.

DESCRIPTIVE SUMMARY: The following is a statement in nontechnical language of the substance and purpose of the intended negotiated rulemaking and the principal issues involved:

This rulemaking relates to the commercial and non-commercial importation, possession, release, sale, or salvage of wildlife. The rules under consideration govern import and transport permit issuance, captive wildlife, disease of captive wildlife, recovery, possession and sale of wildlife parts, prohibition on possession, importation and transportation of deer/elk/moose carcasses or parts from areas known to have animals with Chronic Wasting Disease, private parks and commercial wildlife facilities, and operation of shooting preserves for domestic game birds. Agency review indicates renewal of current rules is appropriate, with some editing and reorganization to improve clarity and reduce duplication.
