

Other Relevant Statutes & Rules

The following acts are unlawful by statute or commission rule. Consult Title 36, Idaho Code, or the 2016-2018 Idaho Fishing Seasons and Rules for exact wording and complete listing.

It Is Unlawful:

- To fish within the posted upstream or downstream boundary of any fish weir or trap.
- To refuse to produce license or fish for inspection upon request by a conservation officer.
- To fail to stop and report at check stations established to inspect licenses and fish and game.
- To possess, transport or use as bait any live fish, leeches, frogs, salamanders, waterdogs, or shrimp as bait, except that live crayfish may be used if caught on the body of water being fished.
- To catch any part of another person's bag limit, EXCEPT in the case of license-exempt persons fishing for salmon and steelhead.
- To transport for another or accept as a gift any game fish, unless a statement signed by the taker accompanies the fish, showing the number and kinds, the date taken, the taker's name, address and fishing license number.
- To claim ownership to more wild game or fish taken within the state of Idaho than allowed by established possession limits.
- To ship any fish by commercial carrier unless the outside of the package is marked as to the number and kinds of fish and the package contains a written statement showing the taker's name, address and fishing license number.
- To use seines, dip nets, spears, snag hooks, or any other contrivances in taking any fish from the waters of the state EXCEPT as allowed by Commission regulation. (Note: Tribal fisheries may use gear types other than those allowed in sport fisheries)
- To waste game fish.
- To sell fish without a permit.

Snagging:

It is unlawful to take or attempt to take salmon by snagging. Snagging shall mean the taking or attempting to take a fish by use of a hook or lure in any manner or method other than enticing or attracting a fish to strike with, and become hooked in its mouth. A salmon that has been hooked anywhere other than its mouth or jaw must be released immediately.

Do salmon naturally return to the Boise River?

No, but they used to. Dams that were built many years ago prevented salmon from migrating upstream to the Boise River. The 2016 fishery is on fish that are being transported from hatcheries in the Snake, Salmon, and South Fork Salmon rivers. They are fish that have been trapped at the hatchery but are in excess of the numbers needed for hatchery broodstock.
