

IDAHO FISH AND GAME GOLDSHEET

March 2025 Commission Meeting

Agenda Item: Season Setting: Spring Season Chinook

(Action)

Prepared by: Chris Sullivan

Presented by: John Cassinelli

Position/Title: Anadromous Fisheries Manager

Agenda Item No.: 5B

Bureau Chief Approval: LH

Background:

This agenda item concerns the setting of Chinook Salmon fishing seasons targeting adult anadromous Chinook Salmon in the Snake River, Lower Salmon River, Little Salmon River, Mainstem Clearwater River, Middle Fork Clearwater River, North Fork Clearwater River, and South Fork Clearwater River. Fisheries staff will brief the Commission on the pre-season forecasts for Snake River spring and summer Chinook Salmon returns for 2025 and propose salmon seasons based on the pre-season forecast and public input. For all proposed fishing areas, sufficient numbers of hatchery salmon are forecast to return in 2025 to provide sport fisheries that target the non-tribal harvestable share after brood stock targets are considered.

Statutory Authority and/or Policy Issues:

Idaho Statute 36-104(b)2 gives the Commission the authority to make a rule or proclamation establishing seasons and methods for the taking of fish. Fishing Rules are provided in IDAPA 13.01.11

Public Involvement Process:

Public meetings to seek input on 2025 Chinook Salmon seasons were held in Riggins, Lewiston, Orofino, Coeur d'Alene, Moscow, Cascade, Nampa, and during February. Fish and Game Regional staff hosted each of the meetings to provide information on 2025 projected salmon returns and to allow for public comment on potential 2025 seasons.

Justification:

Salmon and steelhead mitigation hatcheries were built to mitigate or compensate for fishing opportunities lost as a result of hydropower development. The proposed season would provide anglers the opportunity to fish for returning adult hatchery Chinook Salmon produced at Idaho mitigation hatcheries.

Staff Recommendation:

Approve the proposed 2025 fishing seasons for Chinook Salmon in the Snake River, Lower Salmon River, Little Salmon River, Mainstem Clearwater River, Middle Fork Clearwater River, North Fork Clearwater River, and South Fork Clearwater River.

Suggested Motion:

I move the Commission adopt the 2025 Spring Chinook Salmon seasons as proposed.
