

APPLICATION FOR IDAHO BIG GAME RECORD ENTRY

The Idaho Big Game Records are maintained by the Idaho Department of Fish and Game (IDFG) to recognize record-size wild big game animals in Idaho. Game farm animals are not accepted.

To enter a trophy into the Idaho records, complete and submit this form. Forms that do not include at least a county location and date of harvest/picked-up will not be considered.

Trophies must be measured by a designated IDFG employee or an official measurer of Boone and Crockett Club or Pope and Young Club. Contact any IDFG office for a list of local measurers. Prior to an official measurement, the animal's skull, antlers, or horns must be air dried (not frozen) for at least 60 days from the date of harvest. Score charts can be found on the Boone and Crockett website.

The minimum scores for entry into the Idaho Big Game Records are the same for archery, rifle, muzzleloader, air guns, and "picked-up" entries.

Minimum Scores for Idaho Big Game Records Entry			
Species	Idaho Records	Boone and Crockett Records	
		3-year Awards	All Time
Mule Deer - Typical	185	180	190
