New rule for 2019 excludes moose, bighorn sheep, mountain goat controlled hunt tags from designation by any parent or grandparent to their minor child or grandchild. The change is an attempt to maintain similar drawing odds for these once-in-a-lifetime species rather than drawing odds being decreased by multiple parents and grandparents applying for these species with intent to designate the tag to their child or grandchild.

Results: it is the responsibility of the hunter to find out whether he/she was successful in drawing a controlled hunt.
