

Idaho Fish and Game Citizen Shooting Range Advisory Committee  
Special Meeting  
Idaho Department of Fish and Game  
Nampa, Idaho  
March 30, 2021

**Committee Members Present**

Richard Gerhard, Panhandle Region  
Morgan Drew, Clearwater Region  
Lonnie Eads, Southwest Region  
John Weston, Magic Valley Region  
Richard Cheatum, Southeast Region  
Cody Lish, Upper Snake Region  
Salmon Region – Vacant

**Committee Follow-up Discussion about Range Grant Applications and Requests for Information**

The Committee discussed information provided by Idaho Fish and Game staff in response to questions from their March 15 meeting. IDFG staff also advised the Committee that the Director's range grant funding recommendations would be presented to the Idaho Fish and Game Commission at the May 6 meeting in Coeur d'Alene because the April 15 meeting had been cancelled. Staff felt that this still provided sufficient time to work with the funded applicants on grant compliance and contracts for funding early in fiscal year 2022.

**Committee Recommendations for Funding Range Grant applications (Action)**

The Committee thoroughly reviewed and discussed each application and developed three sets of recommendations to present to the Fish and Game Director: Consensus to Fund, No Consensus to Fund, and Consensus to not Fund.

**Discussion as Needed**

The Committee will receive information about the upcoming May Commission meeting, including meeting materials. Staff thanked the Committee for their valuable perspectives and hard work.
