

Meeting Date: July 26, 2018

Agenda Item No. 5A

Agenda Item: Commission Direction of Animal
Damage Control Board Funds
(Action)

Bureau Chief Approval: 

Prepared by: Toby Boudreau

Background:

Idaho statute annually appropriates \$100,000 of Department funds to the State Animal Damage Control Board for control of predatory animals and birds. Idaho statute authorizes the Commission to direct how these funds are to be used.

Typically, \$50,000 has been directed by the Commission to support Wildlife Services activities identified in the MOU between the Department and the Animal Damage Control Board for general control of predatory animals.

The additional \$50,000 has been directed for specific wildlife management activities such as intensive coyote removal in conjunction with the Mule Deer Initiative, wolf control in elk management zones at or below management objectives, feral pig control in the Bruneau Valley, and raven control conducted in SW and SE Idaho.

Statutory Authority and/or Policy issues:

36-112. ANIMAL DAMAGE CONTROL FUND. The animal damage control fund is hereby established in the state treasury. Moneys in the fund are subject to appropriation to the state animal damage control board established by section 25-2612A, Idaho Code, for the control of predatory animals and birds. In addition to moneys transferred into the fund pursuant to section 36-115(c), Idaho Code, the state controller shall annually, by August 1 of each year, transfer the sum of one hundred thousand dollars (\$100,000) from the fish and game fund to the animal damage control fund. The state animal damage control board in using these moneys shall follow fish and game commission direction on actions regarding predatory animals or birds forwarded by the department by the same date.

Public Involvement Process:

None.

Justification:

Commission direction on expenditure of Department funds is required.

Staff Recommendation:

Staff recommends directing the expenditure of \$50,000 for general predatory wildlife control consistent with the MOU. Staff further recommends the remaining \$50,000 be divided with \$25,000 going to control wolves, black bears and mountain lions and the other \$25,000 going to assist in the implementation of the State American White Pelican Plan.

Suggested Motion: Commission adopt staff recommendation to direct the expenditure of \$50,000 for general predatory wildlife control consistent with the MOU, and the remaining \$50,000 be divided with \$25,000 going to control wolves, black bears and mountain lions, and the other \$25,000 going to assist in the implementation of the State American White Pelican Plan.
