Idaho is a land blessed with diverse outdoor opportunities. It is a place where public access to rich wildlife and fisheries resources is an important part of the outdoor experience; a place where there is truly something for everyone.

This brochure is designed to help you take advantage of those opportunities. It will guide you to over 300 fishing and boating access sites. Amenities and facilities are listed for each site, and those sites accommodating persons with disabilities are noted. Listings for the allowable and available recreational uses are also found here. This brochure is organized into seven regions covering the entire state.

To find a specific area, read the site description and look at the regional map. As you travel to the area chosen, you'll find a sign along the road marking each site. If you need help finding the site, call the closest regional office.

Idaho Fish and Game adheres to all applicable state and federal laws and regulations related to discrimination on the basis of race, color, national origin, age, gender, disability or veteran's status. If you feel you have been discriminated against in any program, activity, or facility of Idaho Fish and Game, or if you desire further information, please write to: Idaho Department of Fish and Game, P.O. Box 25, Boise, ID 83707 OR U.S. Fish and Wildlife Service, Division of Federal Assistance, Mailstop: MBSP-4020, 4401 N. Fairfax Drive, Arlington, VA 22203, Telephone: (703) 358-2156. This publication will be made available in alternative formats upon request. Please contact the Department of Fish and Game for assistance.

Idaho sportsmen have provided the funding to obtain and manage many of these access sites through their purchase of hunting and fishing licenses and tags. Other sites are managed and maintained under cooperative agreements with counties and other land management agencies. Funding for the access program also comes from excise taxes paid on hunting and fishing equipment and redistributed to each state by the Federal Assistance program of the US Fish and Wildlife Service. When using one of these sites, please respect the property rights of adjacent private landowners, and keep the sites clean by removing all litter. All of the areas are pack it in, pack it out. These access areas are critical resources for hunters, anglers and outdoor enthusiasts. As Idaho grows, they will become even more important. If you are hunting or fishing, don't forget to pick up a copy of the latest regulations.

We hope this publication will make it easier for you to get outside and experience Idaho's many recreational opportunities. Enjoy yourself!

To reduce disturbances to wildlife, provide for equitable use of public access areas, and protect property owned or controlled by Idaho Fish & Game, the following rules have been established:

CAMPING

Camping is allowed on many access areas but is limited to no more than 10 days within a 30 day period. More restrictive camping limits may be posted in some areas. Unattended vehicles are limited to no more than 48 hours.

CAMPFIRES

All fires must be attended or may be prohibited when fire danger is high. Signs will be posted if a fire closure is necessary.

VEHICLES

Use of motorized vehicles, including snowmobiles and all-terrain vehicles, is permitted only on designated roads. Operation of vehicles on established roads is prohibited when posted against such use.

FIREWORKS

The use of any form of fireworks or explosives on Fish and Game lands is strictly prohibited.

BOATING

Some areas have restrictions on the use of boat motors or floating devices. Be sure to consult current fishing rules.

PETS

Dogs must be kept on a leash or under close control at all time except for bird dogs during hunting seasons.

The release or abandonment of domestic animals is prohibited.

HUNTING AND FISHING

Hunting and fishing are allowed on some management areas and access sites. However, because specific rules for these activities change from year to year, it is important to consult current hunting and fishing rules brochures.

Be careful not to discharge any firearm within or across posted "safety zones".

ADA ACCESS

Facilities that comply with the Americans with Disabilities Act requirements for persons with disabilities are available in some areas.
