2026 & 2027 – LANDOWNER PERMISSION HUNTS

Landowner Permission Hunts (LPH)

LPH hunts are a form of depredation hunt. They are established in areas with chronic depredation conflicts. These hunts cannot be applied for during a controlled hunt application period. LPH vouchers are provided by the Idaho Department of Fish and Game (IDFG) to landowners prior to the season or upon verifying depredation problems that cannot be resolved by non-lethal methods. Landowners can then distribute the vouchers to eligible hunters who may redeem the voucher for a tag. Like other controlled hunts, LPH hunts have unique hunt area boundaries and season dates specific to each species.

Landowner Eligibility

Turkey: Landowners experiencing, or are likely to experience, turkey depredation, and that own more than 79 acres in an LPH hunt area, are eligible to receive LPH vouchers (IDAPA 13.01.09.110).

Distribution of Vouchers

Vouchers are distributed on an as-needed basis once an active or likely depredation event has been verified by IDFG personnel. In some hunt areas, a portion of the vouchers are distributed proactively to landowners with chronic depredation issues. The remaining vouchers are provided to landowners as needed in response to verified depredations. Landowners that utilize all of their allotted vouchers and are still experiencing damage may be eligible for additional vouchers.

Application Fee

LPH tags are treated as a controlled hunt; therefore, any hunter purchasing an LPH tag must pay the appropriate controlled hunt application fee (resident fee is \$6.25 and non-resident fee is \$18.00).

Special Restrictions

LPH participants may hunt only within the boundaries described in the hunt area designated by IDFG.

Turkey: Hunters are only allowed 1 (one) spring turkey controlled hunt tag and 1 (one) fall turkey controlled hunt tag in a calendar year. Hunters who held a *Late Winter Turkey* hunt (January-February) tag are not eligible to hold a fall turkey controlled hunt tag in the same calendar year. A turkey controlled hunt tag may also be used in any general-season turkey hunt within the same calendar year.

Motorized Hunting Restriction

It is unlawful for a person to hunt any game animals or game birds of the state from or by the use of a motorized vehicle; Idaho Code 36-1101(b)1.

The rule does not apply to private lands with permission from the landowner.

LPH FAQ's

How many vouchers am I (the landowner) eligible for?

Distribution of vouchers is done on a case-by-case basis at the discretion of the IDFG staff. Regional IDFG staff will evaluate depredations individually and decide the appropriate number of vouchers to distribute. Voucher distribution is not tied to acreage size but rather to the location and extent of depredations. Contact your regional Landowner Sportsman Coordinator for more information.

Who can I give a voucher to? Any legal hunter who is eligible to possess an Idaho hunting license for the current calendar year and HAS NOT already possessed a similar tag type for the indicated species in the current calendar year is eligible to receive a voucher and redeem it for a tag. This applies to both resident and non-resident hunters.

Can I have an LPH tag and other tags: Landowner Permission Hunts for turkey are a form of controlled hunt. Hunters are permitted 1 (one) spring turkey controlled hunt tag and 1 (one) fall turkey controlled hunt tag in a calendar year. Hunters who held a *Late Winter Turkey* hunt (January-February) tag are not eligible to hold a fall turkey controlled hunt tag in the same calendar year.

A turkey controlled hunt tag may also be used in any general-season turkey hunt within the same calendar year.

Where am I allowed to hunt? LPH tags are made available for controlled hunt areas as determined by IDFG - see hunt area descriptions for each hunt. Hunt areas may be restricted to private land only. Hunters may hunt anywhere within the legal hunt area boundary where they have legal permission. For "Private Land Only" LPH hunts, the LPH voucher constitutes written permission to hunt the property of the landowner who provided the voucher. Hunters are required to obtain legal permission to hunt any other private lands within the hunt area boundary. Vouchers may be distributed to landowners with ongoing or active depredations at any time during the LPH hunt period.

If I have a voucher, am I guaranteed a tag? No, not necessarily. Depending on a specific hunt's objective, more vouchers may be distributed than tags available. This will be communicated with the landowner at the time of distribution. Please contact your regional Landowner Sportsman Coordinator for details about a specific hunt.

I've received an LPH voucher from a Landowner. When and where can I purchase the tag? Landowners and hunters must fill out and sign their respective portions of the triplicate form before a tag can be issued. Hunters can purchase an LPH tag at any Fish and Game office after July 15. Note: tags can only be purchased from Fish and Game regional offices or headquarters.
