

Idaho Department of Fish and Game
2022 Shooting Range Grant Program Application
APPLICATION DEADLINE: December 3, 2021
Funded Dates: August, 2022 - June 1, 2024

The Idaho Fish and Game range grant program is open to applicants representing Idaho public ranges or affiliated clubs that are providing environmentally sound and safe projects for the public to learn, practice and improve shooting skills. Applications must be completed and received by the **deadline of December 3, 2021**. If your project is recommended to progress into the project review and state contract process, you will be notified by June of 2022. Grants are awarded in August, 2022. Selected grantees are reimbursed for project expenses between the award date and June 1, 2024.

Currently, IDFG awards about \$555,000 in grant funding for public shooting ranges annually, including archery ranges. The mix of funds includes federal manufacturer excise taxes collected from the sales of firearms, ammunition and archery equipment that the U.S. Fish and Wildlife Service manages as a Hunter Education grant to IDFG and other states' wildlife management agencies. Idaho's fund also includes fine and forfeiture monies remitted for wildlife crimes.

Organizations eligible to submit a grant application:

- Non-profit, membership-based shooting organizations having as their purpose the promotion of firearm and archery safe handling and proper care, and improving shooting technique and marksmanship (e.g., rod and gun clubs, fish and game associations, sportsmen's clubs and firearm and archery ranges).
- Units of State or local governments that own and manage shooting ranges.

Grant recipients are required to provide reasonable public access during agreed upon times. The standard for public access to ranges is a reasonable number of regularly scheduled days, continuing public shooting hours for recreational shooting or target practice. Public access does not have to be free and ranges may restrict public access to other portions of the facility not benefiting by the work accomplished under the grant. Public access can also be by appointment only. A member of the public should not have to be enrolled in a class, purchase a membership to the club, be a guest of a club member, participate in an organized competitive event, or pay more than a modest fee to access the range facility to meet the reasonable public access criteria.

Please submit the application on page 2 and 3 of this document by December 3, 2021. Retain this page for your records. If you would like the application in a Word format please request this from brenda.beckley@idfg.idaho.gov.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Purpose of Form

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income.

Note. If a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States,
- An estate (other than a foreign estate), or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax on any foreign partners' share of income from such business. Further, in certain cases where a Form W-9 has not been received, a partnership is required to presume that a partner is a foreign person, and pay the withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid withholding on your share of partnership income.
