# got ear tag?

— please contact us —

Immobilizing drugs are sometimes used to capture and restrain wildlife for management, research, and public safety purposes and these animals are always marked with an ear tag.

If you harvest an animal with an ear tag, please contact Fish and Game's wildlife health laboratory at **208-939-9171** or the nearest Fish and Game Regional office, to determine the time period the drugs were used and if you can safely consume the meat .

Bear, mountain lion and wolf hunters who do not intend to consume the meat should also contact Idaho Fish and Game, as the information you provide is important to help track their survival and seasonal movements of these animals.
