Idaho Wildlife Policy

"All wildlife, including all wild animals, wild birds, and fish, within the state of Idaho, is hereby declared to be the property of the state of Idaho. It shall be preserved, protected, perpetuated, and managed. It shall be only captured or taken at such times or places, under such conditions, or by such means, or in such manner, as will preserve, protect, and perpetuate such wildlife, and provide for the citizens of this state and, as by law permitted to others, continued supplies of such wildlife for hunting, fishing and trapping."

About This Supplement

This supplement provides the 2026 nonresident hunt codes, tag quotas, and outfitter allocated tag limits by location for nonresident general season elk, regular deer, and white-tailed deer tags.

Important Update for 2026!

Beginning with the 2026 season, nonresident general season deer and elk tags will be issued through a draw. This supplemental brochure should be used in conjunction with the **Idaho Big Game Seasons and Rules** brochure when applying for 2026 nonresident general season elk, regular deer, and white-tailed deer

tags. The **Idaho Big Game Seasons and Rules** brochure specifies hunt seasons and boundaries, wildlife laws and other important information. Visit: idfg.idaho.gov/rules/big-game to view the brochure. Additional details on the nonresident draw can be found at: idfg.idaho.gov/licenses/tag/quotas/nonresident.

Important Info for Nonresident Draw Applicants

- All nonresidents are **required** to purchase a 2026 hunting license, valid for big game, to be eligible to apply in the draw. 2026 licenses go on sale December 1, 2025.
- Hunting license fees are nonrefundable, even if a hunter is not successful in drawing a tag. The license may still be used for other opportunities, including applying for controlled hunts, hunting other big game, small game, or upland game species, and participating in Returned Tag Sales.
- Applications may be submitted with up to 5 hunt choices and up to 4 group members.
- Applications may be submitted online at **GoOutdoorsIdaho.com**

Nonresident Disabled American Veterans (DAV) and Junior Mentored hunters have unique application options. See pages 5 - 7 for details.

Key Dates!

Application Dates, Draw Details, and Purchase Deadlines:

- **December 5 - 15, 2025:** First application period for the Nonresident and DAV Draw.
- **Early January, 2026:** Successful applicants announced and posted in **GoOutdoorsIdaho.com** profile.
- **January 20, 2026:** Deadline to purchase tags, or tags will be forfeited (except DAV).
- **February 5 - 15, 2026:** Second application period, Nonresident Draw only.
- **Early March, 2026:** Second application successful applicants announced and posted in **GoOutdoorsIdaho.com** profile.
- **March 20, 2026:** Deadline to purchase tags, or tags will be forfeited, including DAV tags.

2026 Season and Tag Limits

Nonresident tag limits published here were set using the 2025 seasons and rules. Tag numbers may change for the 2026 season based on the season-setting process. The Idaho Fish and Game Commission retains authority to modify or eliminate hunts as needed.

The 2026 big game seasons and rules will be approved in March 2026 and published in April at idfg.idaho.gov/big-game. Tag holders are responsible for knowing the current rules, season dates, and restrictions for their tags. IDFG will notify tag holders only if their hunt is entirely eliminated and provide available options. For complete laws and administrative rules, visit idfg.idaho.gov/title36 and adminrules.idaho.gov/rules/current/13/.

Nonresident Deer and Elk Tag Quotas

Nonresident General Season Hunts (including capped elk zones). Nonresident hunters in general season deer and uncapped elk zone hunts are limited to 10 or 15 percent of the total hunters in each game management unit or elk zone. Some backcountry deer units (7, 9, 10, 12, 16A, 17, 19, 19A, 20, 20A, 26, and 27) have been limited to the five-year average number of nonresidents where overall hunter numbers have been relatively low. The statewide nonresident general season quota for elk is 12,815 and 15,500 for deer.

Nonresident Capped Elk Zones

Tags are limited for both residents and nonresidents in capped elk zones. When caps are implemented to restrict the number of tags within a zone, the total number of tags under the new cap is allotted proportionally among resident hunters, nonresident hunters, and outfitted hunters based on historical participation in the zone. Subsequent changes to the overall cap are applied proportionately.

Nonresident Controlled Hunts

For controlled hunt tag numbers and nonresident information, see the Idaho Big Game 2026 Seasons and Rules, published in April, 2026. Visit idfg.idaho.gov/rules/big-game.

Tags Allocated to Outfitters

Deer and elk tags are allocated for outfitted hunters in general season hunts, capped elk zones, and controlled hunts. A portion of the statewide general season nonresident quotas for deer and elk are set aside for allocation to outfitted hunters for general season hunts. For the 2026 season, 1,846 deer tags and 2,975 elk tags are set aside to be allocated. The 2,975 elk tags include capped elk zones. See pages 19 - 23.

Outfitter Tags - General season Hunts (including capped elk zones)

General season deer and elk tags are allocated for use by outfitted hunters based on historic outfitted use in each deer unit or uncapped elk zone. Allocation in capped elk zones is based on the proportion of resident, nonresident, and outfitter participation at the time the cap was implemented.

Outfitter allocated tags unsold by July 31 will be made available to the public during a sale in early August. These tags can be purchased by nonresidents as a first and/or second tag, or purchased by residents as a second tag at the nonresident price for use in units or zones where the Fish and Game Commission has not restricted use of second tags. Tags remain subject to the overall nonresident quota and limits on individual units and zones for nonresidents.

Outfitter Tags - Controlled Hunts

Tags allocated to outfitted hunters in controlled deer and elk hunts are available only to persons that have entered into a signed agreement for the services of a licensed outfitter. Tag numbers are set at the level of the individual controlled hunt.

Unsold and/or returned controlled-hunt tags allocated to outfitters are not sold or otherwise made available for purchase by the general public.

NONRESIDENT DRAW, LIMITS AND LICENSES COMMON QUESTIONS AND ANSWERS

Beginning with the 2026 season: Nonresident general season deer and elk tags will be issued via an application and draw process. For additional details on the 2026 Nonresident deer and elk tag draw, please visit: idfg.idaho.gov/licenses/tag/quotas/nonresident

NEW - Nonresident Draw!

Q: Will a hunting license be required to apply for the Nonresident Draw and Disabled American Veteran (DAV) Draw?

A: Yes. All applicants are required to have a valid 2026 hunting license to apply in the Nonresident Draw. DAV hunters are required to have a 2026 DAV specific hunting license to be eligible to apply for the DAV Draw. A copy of the official VA Disability Percentage Rating letter, verifying service-connected disability rating of 40% or greater can be sent to our Licenses office by emailing Licenses@idfg.idaho.gov. 2026 licenses go on sale December 1, 2025.

Q: Can a hunter get a refund on their hunting license if they are not successful in the draw?

A: No. Hunting license fees are nonrefundable, even if a hunter is not successful in drawing a tag. The license may still be used for other opportunities, including applying for controlled hunts, hunting other big game, small game, or upland game species, and participating in Returned Tag Sales.

Q: Will an application fee be required to apply for the Nonresident or the DAV Draw?

A: No. There is no application fee for the 2026 Nonresident or DAV Draw. However, this could change in future years.

Q: If someone applies for the Nonresident or DAV Draw, does that impact their ability to apply for controlled hunts?

A: No. Tags issued in the draw are general season tags and do not impact a hunter's ability to apply for a controlled hunt.

Q: Where/how can someone submit an application?

A: Applications can be submitted online beginning December 5, at GoOutdoorsIdaho.com, over the phone at 1-800-554-8685, or at any IDFG regional office location or Vendor location. To apply online, log in to your profile and click the “**Submit an Application**” tile in the top menu of your homepage. Then enter the **Hunt Code(s)** for the tags you want to apply for. See pages 9 - 17.

Q: How many choices are allowed on an application?

A: Hunters will be able to submit up to five hunt choices on each of their applications. One exception is the DAV Deer drawing, which will only have two choices: DAV Regular Deer or DAV White-tailed Deer.

Q: How many members can be in a group application?

A: Applications can be submitted with up to 4 members in a group. Group applications for the DAV draw must include all DAV-eligible applicants.

Q: Do Nonresident Junior Mentored hunters need to participate in the draw?

A: Nonresidents with a NONRES HUNTING - JR MENTORED license only need to participate in the Nonresident draw *if* they are applying for a capped elk zone.

Regular and white-tailed deer tags, as well as uncapped elk zone tags, are *unlimited* for Junior Mentored hunters. Therefore, they do not need to apply for those in the Nonresident Draw. Nonresident Junior Mentored hunters are eligible to purchase general season tags in late March, when the drawing process is complete.

Reminder for adults with Junior Mentored Hunters:

Secure the adult tag before buying a Junior Mentored tag. Junior Mentored hunters must hunt with an adult holding a tag for the same species.

Q: How can Nonresident DAV hunters participate in the Draw?

A: Nonresident DAV hunters can participate in both the Nonresident Draw *and* the DAV Draw.

The DAV Draw will require that the applicant have a NONRES HUNTING/3-DAY FISHING – DAV license. DAV applicants are eligible to apply for a DAV Deer tag (Regular Deer or White-tailed Deer) and for a DAV Elk tag. For the 2026 season, DAV Elk tags will only be available for uncapped elk zones; DAV hunters do have the opportunity to apply for capped elk zones by applying in the Nonresident Draw, and, if awarded, paying full priced nonresident fees.

If a DAV hunter is successful in both the DAV Draw and the Nonresident Draw for the same species, they will be

required to pick a single tag when claiming the tag. They are not eligible to purchase both tags.

There will only be one application period for the DAV draw (December 5 – 15) to allow for an extended claim period for DAV hunters. The deadline to claim DAV tags will be the final draw process deadline, March 20, 2026.

Q: Do former Idaho residents with a Lifetime License (Nonresident Lifetime License holders) need to participate in the Nonresident Draw?

A: No. Nonresident Lifetime License holders do not need to participate the Draw. Those Lifetime License holders are eligible to purchase general season tags out of the resident quota, which will be available in late June/early July.

Q: If someone is successful in the first application period can they apply again in the second application period?

A: No. Hunters who draw in the first application period are not eligible to apply in the second application period, even if they do not claim their tag.

Q: What happens to a tag that is not claimed/purchased by the designated deadline dates?

A: Hunters must purchase their tags by the designated deadlines. Tags not purchased by the first deadline, **January 20, 2026**, will be forfeited and made available in the second application period. Tags not purchased by the second deadline, **March 20, 2026**, will also be forfeited and offered in the first over-the-counter Returned Tag Sale of the year.

Q: How will applicants be notified of their draw results?

A: Applicants will receive their draw results via email, if they have a valid email address on their **GoOutdoorsIdaho.com** customer account. Applicants can also login to their license account at **GoOutdoorsIdaho** to view their draw results. It is the hunter's responsibility to confirm their draw results.

Q: Will IDFG still do over-the-counter Returned Tag Sales?

A: Yes. IDFG will continue to conduct Returned Tag Sales throughout the year. Dates for 2026 sales will be posted on our website in December 2025.

General Tag Information

Q: What happens if my season is changed or eliminated when the Idaho Fish and Game Commission sets the 2026 season and tag limits in March?

A: It is your responsibility to know the rules for the tag you have purchased, including season dates and restrictions. IDFG will contact you *only* if your hunt is entirely eliminated (*all* seasons eliminated) and inform you of available options.

Q: What tag options do I have if I am a nonresident Disabled American Veteran (DAV)?

A: Reduced fee Nonresident DAV tags are limited to 500 deer tags, and 300 elk tags. DAV deer tags are valid statewide, and DAV elk tags are only valid in the selected zone. See page 16 - 17 for Hunt Codes and additional details on the 2026 DAV Draw.

Q: What requirements are there for Junior Mentored hunting tags?

A: Junior Mentored tag holders, age 10 to 17, must be accompanied by a licensed adult aged 18 or older. The licensed adult must have a valid current year tag for the same species as the Junior Mentored tag holder. Hunters are not eligible for a refund for the Junior Mentored license in the event that the licensed adult is unable to purchase a same species tag. A refund of a portion of the tag fee may be available, depending on the date the refund is requested. See the current Big Game Seasons and Rules for additional details on youth hunt information. Note that nonresident junior mentored hunters only need to participate in the Nonresident Draw if they are purchasing capped elk zone tags. Uncapped elk zones and statewide deer tags can be purchased in late March.

Q: Will there be a difference between archery, any weapon, and muzzleloader tags?

A: Some deer and elk tags have archery, muzzleloader, and/or general any weapon seasons that should be reviewed within the current **Idaho Big Game Seasons and Rules** brochure prior to purchase. Some tags may require a hunter to purchase an additional archery or muzzleloader permit, which allows the hunter to hunt in seasons limited by weapon type. Hunters purchasing an archery permit must provide an archery safety education (bowhunter) certification number.

Q: Are controlled hunt tags for nonresidents part of the nonresident limits by deer unit and elk zones?

A: No. Tags for nonresidents who successfully draw

a controlled hunt are not counted as part of the nonresident quota, and they are not part of the limits placed on deer units and uncapped elk zones for nonresidents. However, nonresidents are limited to no more than 10% of the overall tags in controlled hunts.

Outfitted Hunt Questions

Q: How do I obtain the services of an outfitter?

A: You should contact the outfitter directly to inquire about hunts.

Q: Does the outfitter provide the deer or elk tag? Can I hire an outfitter even if I already have a tag?

A: The outfitter may be able to provide hunters with outfitter-allocated deer and elk tags depending on what each individual outfitter has available. Outfitters may also offer services to hunters who have bought their own tags; contact outfitters for your tag area to discuss specific arrangements.

Nonresident License, Tag, Refund & Exchange Information

Q: I have never purchased a license in Idaho before, but want to apply in the draw. What information will I need to provide?

A: It is recommended that you create an account at **GoOutdoorsIdaho.com** before the nonresident draw application period. Required information includes your name, address, gender, eye color, hair color, height, weight, email address, last 4 digits of your social security number (other documentation is also accepted such as Travel Visa, non-US driver license, passport, tax ID & green card), hunter education number with issuing state, and phone number.

Q: Will I get a refund on my license and tag if the rest of my hunting party cannot get a tag for the same area?

A: No refund on the license is available. However, during the Nonresident Draw, hunters can apply as a group with up to 4 members in a group to ensure all members of the hunting party receive the same drawing results.

If the group does not draw a tag, the license may still be used for other opportunities, including applying for controlled hunts, hunting other big game, small game, or upland game species, and participating in Returned Tag Sales.

Q: Will I get a refund on my license and tag if I got the wrong zone/unit and cannot exchange the tag for the area I want?

A: No refund on the license is available. A refund of a portion of the tag fee may be available, depending on the date the refund is requested. Details on refund requests can be found at: **idfg.idaho.gov/licenses/forms/nonresident-refund**.

Question: How do I request a refund on my tag?

A: Refund requests must be mailed in with the tag and a refund request form. See **idfg.idaho.gov/licenses/forms/nonresident-refund** for details on requesting a refund.

Important Note: IDFG has proposed rule changes that may impact refund options. If adopted, these changes will become effective July 1, 2026.

Question: What are my options if I do not get the tag for the area I want?

A: The license may still be used for other opportunities, including applying for controlled hunts, hunting other big game, small game, or upland game species, and participating in Returned Tag Sales. More information on returned tag sales can be found at **idfg.idaho.gov/tag/returns**.

Q: Can I exchange my tag from one zone/unit to another?

A: Yes, exchanges are available for a fee, subject to tag availability in the other unit/zone, and **only before the beginning of any portion of the hunting season of the tag held**. Please note that if an exchange is an option, the hunter will need to return the original tag and submit the exchange fee to IDFG before receiving the new tag.

Tags may be exchanged at IDFG offices and by mail, or online during designated Returned Tag Sales.

Important Note: IDFG has proposed rule changes that may impact exchange options. If adopted, these changes will become effective July 1, 2026.

CHRONIC WASTING DISEASE

As of July 2025

For up-to-date information visit: idfg.idaho.gov/cwd

Hunting in a Chronic Wasting Disease (CWD) Management Zone

As of July 2025, Idaho Department of Fish and Game (IDFG) has established Chronic Wasting Disease Management Zones in Units 14, 18, and a portion of Unit 1 (portion of Boundary County east of the Selkirk Mountains crest).

Transport Rules Apply to Deer, Elk, and Moose From a CWD Management Zone

It is unlawful to transport any deer, elk, or moose (including salvaged animals) out of Units 14, 18, and a portion of Unit 1 (portion of Boundary County east of the Selkirk Mountains crest). However, there are exceptions for meat and some other animal parts. See idfg.idaho.gov/cwd

CWD Testing Required:

- For hunter-harvested Mule Deer and White-tailed Deer in Units 14, 18, 23, 24, 32A, 63A and a portion of Unit 1 (portion of Boundary County east of the Selkirk Mountains crest).
- If the head of an elk or moose harvested in a CWD management zone is transported out of the zone, it must be presented to IDFG for testing. The head will not be returned to the hunter.

Heads or lymph nodes must be submitted within 10 days of harvest. The following guidelines should be followed for proper sampling:

- Lymph nodes and obex are the only carcass parts that meet the requirements for sampling.
- Specific techniques for removing lymph nodes can be found at idfg.idaho.gov/cwd; those not comfortable with the process can bring the head to IDFG for sampling.
- If bringing the head for sampling, it should be severed at least 3 inches below the base of the skull.

NOTE: Fish and Game's headquarters office in Boise is not equipped to extract lymph nodes from harvested animals.

Should I get my deer, elk or moose tested for CWD if I harvest outside of the Required Test Units?

- **Yes, testing is recommended for**
 - Elk and moose harvested in Units 1, 14, 18, 23, 24, or 32A.
 - Deer, elk and moose harvested in any unit adjacent to Units 1, 14, 18, 23, 24, or 32A.
 - Deer, elk, and moose harvested in any unit that borders Washington, Montana, Wyoming, or Utah.
- **Hunters who harvest in any other units** and are concerned if their deer, elk, or moose may be infected with CWD.

For up-to-date CWD information and sampling instructions go to idfg.idaho.gov/cwd

NONRESIDENT REGULAR DEER TAGS BY UNIT

Refer to the Idaho Big Game 2026 Seasons & Rules for Regular Deer seasons and hunt boundaries by Unit.
Verify seasons and restrictions for your tag when the Idaho Big Game 2026 Seasons and Rules brochure is published in April 2026.

Reminder: Junior Mentored hunters do not need to apply for nonresident deer tags. Tags will be available over-the-counter in late March.

Use the “**Hunt Code**” in the left-hand column when applying for the 2026 Nonresident Draw.

Notes:

1. **Archery only and Muzzleloader only seasons:** Any person hunting in an “archery only” season, including controlled hunts, must have their license with archery permit validation. **To purchase an archery permit,** all bowhunters must possess a valid hunting license and show proof they have completed an approved bowhunter education course or show evidence of having been licensed for an archery only hunt in Idaho or another state. **Any person hunting in a “muzzleloader only” season,** including controlled hunts, must have their license with muzzleloader permit validation.
2. **Short range weapon only season:** During a short-range weapon only season only the following weapons may be used. Only shotguns using any slug or double-aught (#00) buckshot. Muzzleloaders at least forty-five (0.45) caliber for deer, pronghorn, mountain lion, or gray wolf, or at least fifty (0.50) caliber for elk, moose, bighorn sheep, mountain goat, or black bear. Any bow having a peak draw weight of not less than forty (40) pounds up to or at a draw of twenty-eight (28) inches, or any crossbow having a peak draw weight of not less than one hundred fifty (150) pounds. Any handgun using straight wall centerfire cartridges not originally developed for rifles. Any airgun using pre-charged pneumatic power to propel a projectile (excluding shot and arrows) with unignited compressed air or gas and projectiles at least thirty-five (0.35) caliber for deer and pronghorn antelope or at least forty-five (0.45) caliber for elk and moose.

WHITE-TAILED DEER

NONRESIDENT WHITE-TAILED DEER TAGS BY UNIT

Refer to the Idaho Big Game 2026 Seasons & Rules for White-tailed Deer seasons and hunt boundaries by Unit.

Verify seasons and restrictions for your tag when the Idaho Big Game 2026 Seasons and Rules brochure is published in April 2026.

Reminder: Junior Mentored hunters do not need to apply for nonresident deer tags. Tags will be available over-the-counter in late March.

Use the “**Hunt Code**” in the left-hand column when applying for the 2026 Nonresident Draw.

Muzzleloaders at least forty-five (0.45) caliber for deer, pronghorn, mountain lion, or gray wolf, or at least fifty (0.50) caliber for elk, moose, bighorn sheep, mountain goat, or black bear. Any bow having a peak draw weight of not less than forty (40) pounds up to or at a draw of twenty-eight (28) inches, or any crossbow having a peak draw weight of not less than one hundred fifty (150) pounds. Any handgun using straight wall centerfire cartridges not originally developed for rifles. Any airgun using pre-charged pneumatic power to propel a projectile (excluding shot and arrows) with unignited compressed air or gas and projectiles at least thirty-five (0.35) caliber for deer and pronghorn antelope or at least forty-five (0.45) caliber for elk and moose.

NONRESIDENT DISABLED AMERICAN VETERAN DEER TAGS

NONRESIDENT DISABLED AMERICAN VETERAN (DAV) TAGS

To be eligible to apply for a DAV tag, veterans must provide a copy of their official VA Disability Percentage Rating letter, and the letter must verify a service-connected disability rating of 40% or greater. Documentation may be provided via email by sending to Licenses@idfg.idaho.gov. DAV hunters are eligible to participate in both the Nonresident Draw and the DAV draw. If successful

in the Nonresident Draw, the DAV hunter must purchase the tag at the full nonresident fee. If a DAV hunter is successful in drawing a tag in both the Nonresident Draw and the DAV Draw, they will be required to select one tag when claiming their tag. Verify seasons and restrictions for your tag when the Idaho Big Game 2026 Seasons and Rules brochure is published in April 2026.

NONRESIDENT DAV DEER TAGS

There are 500 DAV reduced fee tags, available for Regular or White-tailed Deer that can be used statewide in any open season for that species.

Use the “**Hunt Code**” in the left-hand column when applying for the 2026 Nonresident Draw.

DEER - 2026 Nonresident Disabled American Veteran (DAV)		
Hunt Code	Type	Notes
DAVRD	Regular Deer	Can be used in any general regular deer season hunt.
DAVWD	White-tailed Deer	Can be used in any general white-tailed deer season hunt.

NONRESIDENT DISABLED AMERICAN VETERAN ELK TAGS

NONRESIDENT DAV ELK TAGS

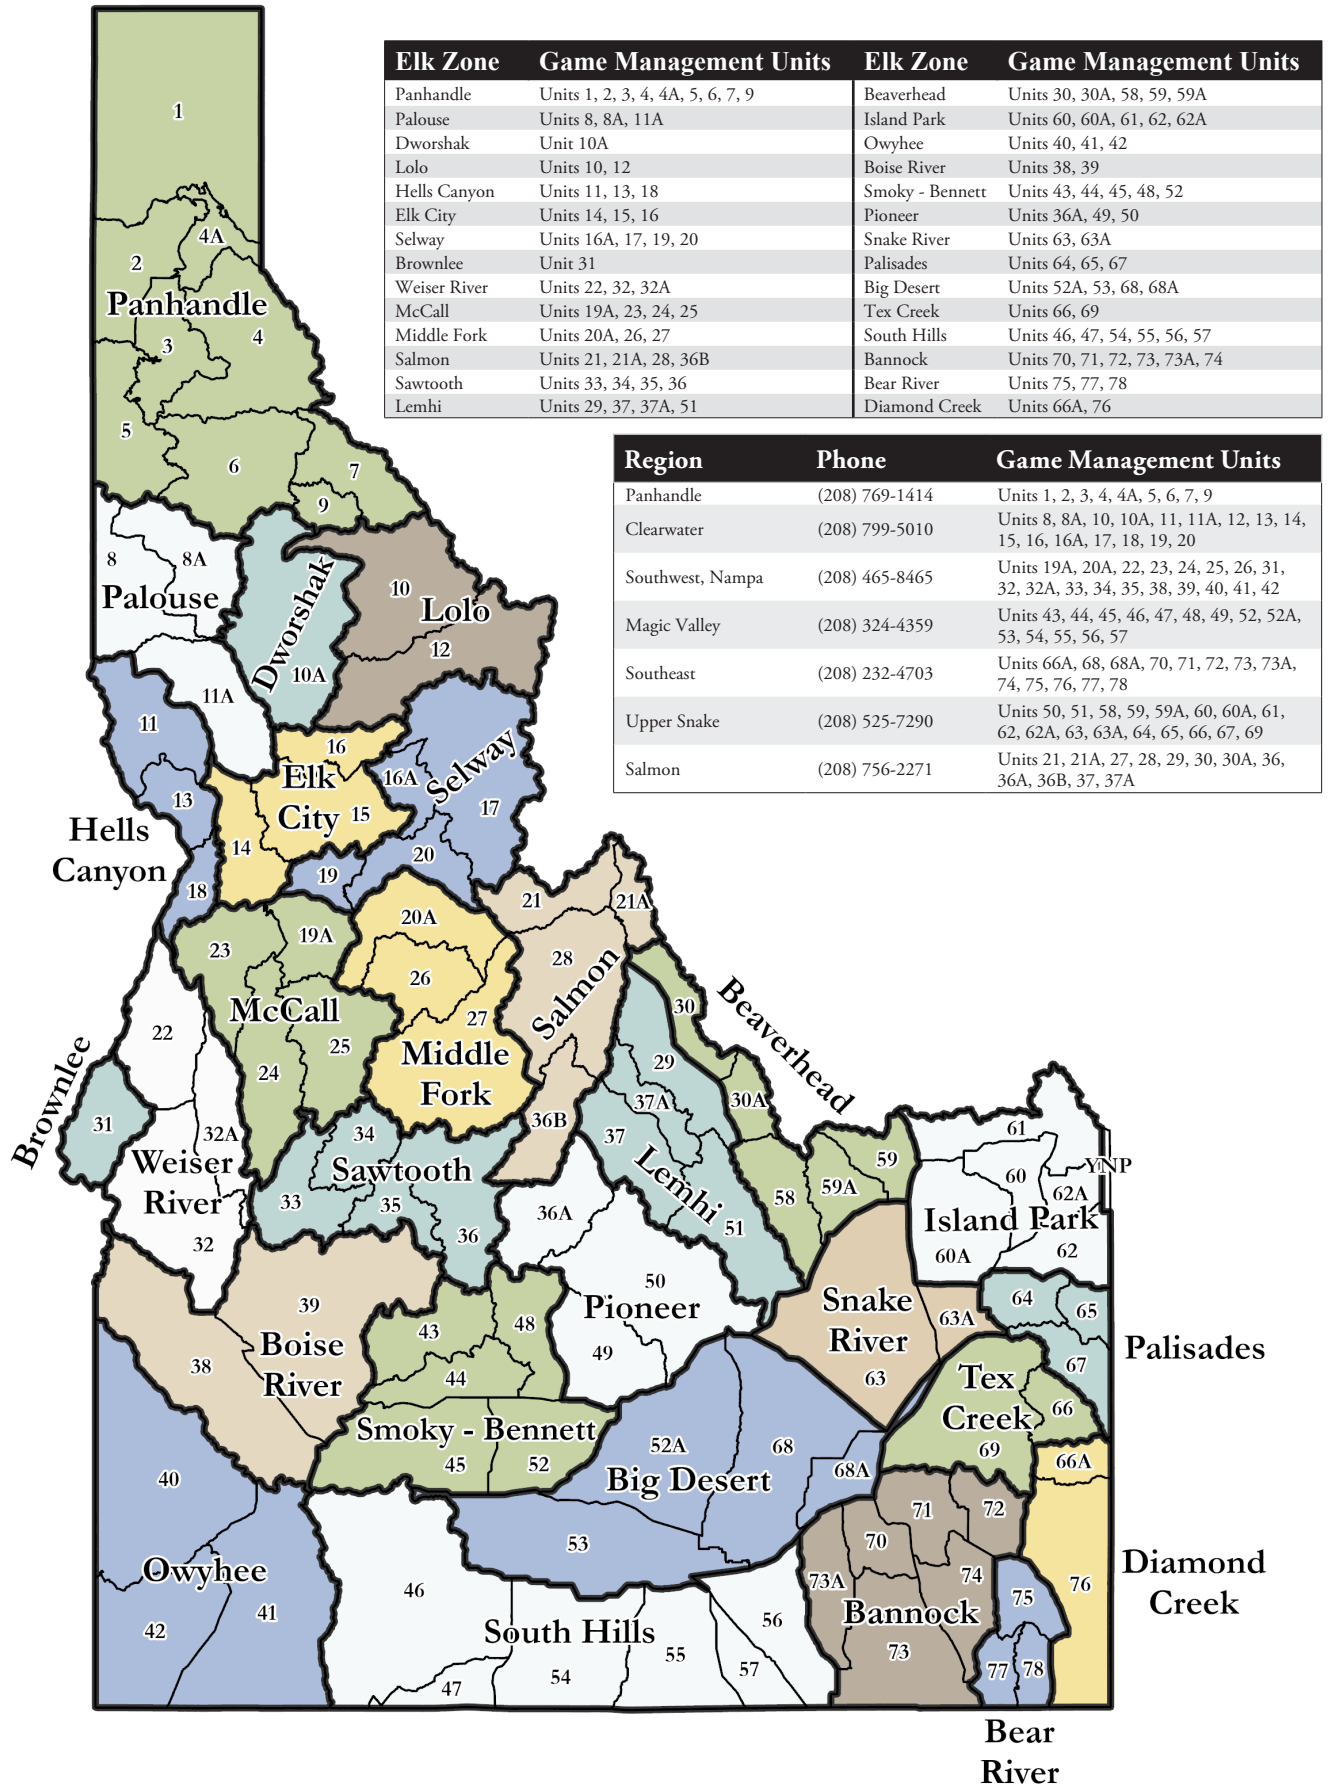

There are 300 DAV reduced fee tags, available for uncapped elk zones. DAV hunters are also eligible to apply for capped elk zones in the Nonresident Draw, and will pay full nonresident fees if successful.

Use the “**Hunt Code**” in the left-hand column when applying for the 2026 Nonresident Draw.

Shed Antler Gathering

It is a popular late-winter and spring activity that lets people enjoy time outdoors and bring home deer and elk antlers. Please remember deer and elk are still trying to survive the rigors of winter, and protecting them should always take priority over finding antlers. To protect our valuable wildlife, please do your antler hunting responsibly.

- **Do not chase or harass deer, elk or other wildlife**, and don't allow your dogs to chase or disturb wildlife. Even if the weather is warm and sunny, animals are still stressed from winter, especially the young ones.
- **Wait until deer and elk have left winter range before hiking and searching for antlers.**
- **If you encounter animals, leave the area and search elsewhere, or come back later.**
- Check Fish and Game's website for seasonal antler gathering closures.

ATTENTION NONRESIDENTS: Beginning July 1, 2024, a nonresident must have a valid Idaho hunting license (excluding Small Game and Nongame Hunting Licenses) before searching for, collecting, possessing, or transporting antlers or horns shed from deer, elk, moose, or pronghorn originating in Idaho. Nonresidents under the age of twelve who are accompanied by a licensed nonresident, or an Idaho resident are not required to possess a hunting license.

If you have information about
a wildlife violation,

Make The Call:
1-800-632-5999

- The Citizen's Against Poaching (CAP) Hotline is open 24/7/365.
- Callers can remain anonymous, and may be eligible for a cash reward.
- The more details a caller can provide, the better! Examples: License plates, suspect descriptions, dates/times, locations, and wildlife involved.
