IDAHO DEPARTMENT OF FISH AND GAME

Idaho Wildlife Policy

"All wildlife, including all wild animals, wild birds, and fish, within the state of Idaho, is hereby declared to be the property of the state of Idaho. It shall be preserved, protected, perpetuated, and managed. It shall be only captured or taken at such times or places, under such conditions, or by such means, or in such manner, as will preserve, protect, and perpetuate such wildlife, and provide for the citizens of this state and, as by law permitted to others, continued supplies of such wildlife for hunting, fishing and trapping."

— Idaho Code Section 36-103

Idaho Fish and Game Commission

How to Use This Brochure

This brochure contains the hunt codes to be used by nonresidents when applying for the 2027 Nonresident Tag Drawing for general season deer and elk tags. It also lists the number of tags available to nonresidents, as well as the number of tags allocated to Outfitters.

Hunt seasons vary by deer unit and elk zone. Hunt information for each deer unit and elk zone can be found in the Idaho Big Game **2026** Seasons and Rules brochure, including hunt dates, bag limits, weapon types, hunt boundaries, wildlife laws, and other important information. Visit idfg.idaho.gov/rules/big-game.

Before You Apply:

2027 Seasons are Not Set Yet!

The Nonresident Tag Drawing for general season deer and elk hunts takes place **before** the Idaho Department of Fish and Game (IDFG) Commission sets the 2027 hunting seasons.

What this means for you:

- The tag numbers in this brochure are based on the Idaho Big Game **2026** Seasons and Rules.
- You can use the Idaho Big Game 2026 Seasons and Rules to plan, but treat it as a **guide only**. Season dates, weapon types and boundaries for your unit or zone may change for 2027.
- Final 2027 seasons will be set in March 2027.
- It is your responsibility to check the seasons for your tag once the Idaho Big Game 2027 Seasons and Rules brochure is published in April at idfg.idaho.gov/rules/big-game. IDFG will notify tag holders only if your hunt is entirely eliminated and will provide available options.

How to Apply

Nonresident general season deer and elk tags are issued through an application and drawing. Additional details on the nonresident draw, including FAQ's, application dates, and more can be found at: idfg.idaho.gov/licenses/tag/quotas/nonresident.

- Review this brochure and the Big Game seasons and rules brochure to determine which hunt(s) to apply for. The hunt code found in this brochure will be required when applying.
- All nonresidents are **required** to purchase a 2027 Idaho hunting license, valid for big game, to be eligible to apply in the draw. 2027 licenses go on sale December 1, 2026.
- Hunting license and application fees are nonrefundable, even if a hunter is not successful in drawing a tag. The license may still be used for other opportunities, including applying for controlled hunts, hunting other big game, small game, upland game species, and participating in Returned Tag Sales.
- If applying as a group (up to 4 hunters are allowed on an application), all group members must have a valid Idaho hunting license on file before the group application can be submitted.
- Applications may be submitted online at **GoOutdoorsIdaho.com**

Nonresident Disabled American Veterans (DAV) and Junior Mentored hunters have unique application options. See pages 5-7 for details.

Key Dates!

Application Dates, Draw Details, and Purchase Deadlines:

- **December 5-15, 2026:** First application period for the Nonresident and DAV Draw.
- **Early January, 2027:** Successful applicants announced and posted in **GoOutdoorsIdaho.com** profile.
- **January 20, 2027:** Deadline to purchase tags, or tags will be forfeited (except DAV).
- **February 5-15, 2027:** Second application period, Nonresident Tag Draw only.
- **Early March 2027:** Successful applicants for second application announced and posted in **GoOutdoorsIdaho.com** profile.
- **March 20, 2027:** Deadline to purchase tags, or tags will be forfeited, including DAV tags.
- **April 2027:** The **Idaho Big Game 2027 Seasons and Rules** are available. It is your responsibility to review the seasons and rules associated with your tag before hunting!

Nonresident Deer and Elk Tag Quotas

The statewide nonresident general-season quota for deer is 15,500 and 12,815 for elk, including capped elk zones.

Nonresident General Season Hunts

Nonresident hunters in general season deer and uncapped elk zone hunts are limited to 10 or 15 percent of the total hunters in each game management unit or elk zone. Some backcountry deer units (7, 9, 10, 12, 16A, 17, 19, 19A, 20, 20A, 26, and 27) have been limited to the five-year average number of nonresidents where overall hunter numbers have been relatively low.

Nonresident Capped Elk Zones

Tags are limited for both residents and nonresidents in capped elk zones. When caps are implemented to restrict the number of tags within a zone, the total number of tags under the new cap is allotted proportionally among resident hunters, nonresident hunters, and outfitted hunters based on historical participation in the zone. Subsequent changes to the overall cap are applied proportionately.

Nonresident Controlled Hunts

For controlled hunt tag numbers and nonresident information, see the Idaho Big Game 2027 Seasons and Rules, published in April 2027. Visit idfg.idaho.gov/rules/big-game.

Tags Allocated to Outfitters

Deer and elk tags are allocated for outfitted hunters in general season hunts, capped elk zones, and controlled hunts. A portion of the statewide general season nonresident quotas for deer and elk are set aside for allocation to outfitted hunters for general season hunts. For the 2027 season, 1,906 deer tags and 3,044 elk tags are set aside to be allocated. The 3,044 elk tags include capped elk zones. See pages 18-23.

Outfitter Tags - General Season Hunts (including capped elk zones)

General season deer and elk tags are allocated for use by outfitted hunters based on historic outfitted use in each deer unit or uncapped elk zone. Allocation in capped elk zones is based on the proportion of resident, nonresident, and outfitter participation at the time the cap was implemented.

Outfitter allocated tags unsold by July 31 will be made available to the public during a sale in early August. These tags can be purchased by nonresidents as a first and/or second tag or purchased by residents as a second tag at the nonresident price for use in units or zones where the Fish and Game Commission has not restricted use of second tags. Tags remain subject to the overall nonresident quota and limits on individual units and zones for nonresidents.

Outfitter Tags - Controlled Hunts

Tags allocated to outfitted hunters in controlled deer and elk hunts are available only to persons that have entered into a signed agreement for the services of a licensed outfitter. Tag numbers are set at the level of the individual controlled hunt.

Unsold and/or returned controlled-hunt tags allocated to outfitters are not sold or otherwise made available for purchase by the general public.

Photo: CC-BY Idaho Fish and Game

NONRESIDENT DRAW, LIMITS AND LICENSES

COMMON QUESTIONS AND ANSWERS

Nonresident general-season deer and elk tags are issued through an application and draw process. For additional details on the 2027 Nonresident Tag Drawing for general season deer and elk tags visit: idfg.idaho.gov/licenses/tag/quotas/nonresident

NEW - Nonresident Draw!

Q: Will a hunting license be required to apply for the Nonresident Draw and Disabled American Veteran (DAV) Draw?

A: Yes. All applicants are required to have a valid Idaho hunting license to apply in the Nonresident Tag Draw. DAV hunters are required to have a DAV specific hunting license to be eligible to apply for the DAV Draw. A copy of the official VA Disability Percentage Rating letter, verifying service-connected disability rating of 40% or greater can be sent to our Licenses office by emailing Licenses@idfg.idaho.gov. Licenses for the following year are available beginning December 1.

Q: Will an application fee be required to apply for the Nonresident or the DAV Draw?

A: Yes. The application fee for the Nonresident or DAV Tag Drawing is \$18.00. An application fee will be charged for each application submitted.

Q: Can a hunter get a refund if they are not successful in the draw?

A: No. Hunting license and application fees are nonrefundable, even if a hunter is not successful in drawing a tag. The license may still be used for other opportunities, including applying for controlled hunts, hunting other big game, small game, upland game species, and participating in Returned Tag Sales.

Q: If someone applies for the Nonresident or DAV Draw, does that impact their ability to apply for controlled hunts?

A: No. Tags issued in the Draw are general season tags and do not impact a hunter's ability to apply for a controlled hunt.

Q: Where/how can someone submit an application?

A: Applications can be submitted online at GoOutdoorsIdaho.com, or at any IDFG regional office location or Vendor location, license.gooutdoorsidaho.com/Licensing/LocateAgent.aspx. To apply online, log into your profile and click the "Submit an Application" tile in the top menu of your homepage. Then enter the **Hunt Code(s)** for the tags you want to apply for. See pages 10–17.

Q: How many choices are allowed on an application?

A: Hunters will be able to submit up to five hunt choices on each of their applications. One exception is the DAV Deer drawing, which will only have two choices: DAV Regular Deer or DAV White-tailed Deer. See page 16.

Q: Can a group application be submitted? How many members can be in a group application?

A: Yes, group applications can be submitted with up to 4 members in a group. Group applications for the DAV draw must include all DAV-eligible applicants. All group members must have a valid hunting license on file before a group application can be submitted. All group members must provide a hunting license number or Sportsman ID number at time of application.

Q: Do Nonresident Junior Mentored hunters need to participate in the draw?

A: Nonresidents with a NONRES HUNTING - JR MENTORED license only need to participate in the Nonresident draw *if they are applying for a capped elk zone*.

Regular and white-tailed deer tags, and uncapped elk zone tags, are *unlimited* for Junior Mentored hunters and are not issued through the Draw. Nonresident Junior Mentored hunters are eligible to purchase those general season tags in late March, when the drawing process is complete.

Reminder for adults with Junior Mentored Hunters: Secure the adult tag before buying a Junior Mentored tag. Junior Mentored hunters must hunt with an adult holding a tag for the same species.

Q: How can Nonresident DAV hunters participate in the Draw?

A: Nonresident DAV hunters can participate in both the Nonresident Draw *and* the DAV Draw.

The DAV Draw will require that the applicant have a NONRES HUNTING/3-DAY FISHING – DAV license. DAV applicants are eligible to apply for a DAV Deer tag (Regular Deer or White-tailed Deer) and for a DAV Elk tag. DAV Elk tags will only be available for uncapped elk zones; DAV hunters do have the opportunity to apply for capped elk zones by applying in the Nonresident Draw, and, if awarded, paying full priced nonresident fees.

If a DAV hunter is successful in both the DAV Draw and

the Nonresident Draw for the same species, they will be required to pick a single tag when claiming the tag. They are not eligible to purchase both tags.

There will only be one application period for the DAV draw (December 5–15) to allow for an extended claim period for DAV hunters. The deadline to claim DAV tags will be the final draw process deadline, March 20, 2027.

Q: Do former Idaho residents with a Lifetime License (Nonresident Lifetime License holders) need to participate in the Nonresident Draw?

A: No. Nonresident Lifetime License holders do not need to participate in the Draw. Nonresident Lifetime License holders are eligible to purchase general season tags out of the resident quota, which will be available in late June/early July.

Q: If someone is successful in the first application period, can they apply again in the second application period?

A: No. Hunters who draw in the first application period are not eligible to apply in the second application period, even if they do not claim their tag.

Q: What happens to a tag that is not claimed/purchased by the designated deadline dates?

A: Hunters must purchase their tags by the designated deadlines. Refer to **Key Dates** on page 4. Tags not purchased by the first deadline will be forfeited and made available in the second application period. Tags not purchased by the second deadline will also be forfeited and offered in the first over-the-counter Returned Tag Sale of the year.

Q: How will applicants be notified of their draw results?

A: Applicants will receive their draw results via email, if they have a valid email address on their **GoOutdoorsIdaho** customer account. Applicants can also login to their license account at **GoOutdoorsIdaho.com** to view their draw results. It is the hunter's responsibility to confirm their draw results.

Q: Will IDFG still do over-the-counter Returned Tag Sales?

A: Yes. IDFG will continue to conduct Returned Tag Sales throughout the year. Dates for the following year's Returned Tag Sales will be posted in December.

General Tag Information

Q: Why is Fish and Game setting 2027 seasons after the Nonresident Draw for 2027 tags?

A: The Idaho Fish and Game Commission sets big

game seasons in March once wildlife survey data and the previous year's hunter and harvest information is compiled and analyzed. **The timeline allows the department to use the most up-to-date data to set the coming seasons.** The Nonresident Draw is intentionally conducted early to ensure hunters have time to plan their hunt. If a season is eliminated, IDFG will ensure hunters are contacted and made aware of the options they have with their tag.

Q: Which Seasons & Rules brochure should I use when applying?

A: Use the 2026 Idaho Big Game Seasons and Rules brochure **as a guide** for general-season dates, bag limits, weapon types, and boundaries for each deer unit and elk zone. Keep in mind that these may change in 2027. The 2027 brochure will be published in April 2027.

Q: What happens if my season is changed or eliminated when the Idaho Fish and Game Commission sets the 2027 season and tag limits in March?

A: It is your responsibility to know the 2027 rules for the tag you have purchased, including season dates, bag limits, and weapons restrictions. IDFG will contact you **only** if your hunt is entirely eliminated (**all** seasons eliminated) and inform you of available options. If other changes affect your season, you may choose to request a refund for a portion of your tag fee or attempt to exchange your tag during a Returned Tag Sale or for a controlled hunt.

Q: What tag options do I have if I am a nonresident Disabled American Veteran (DAV)?

A: Disabled American Veterans can apply in both the Nonresident Tag Draw and the reduced fee Nonresident DAV Tag Draw. Tags drawn in the Nonresident Tag Draw would be purchased at full price. Reduced fee Nonresident DAV tags are limited to 500 deer tags, and 300 elk tags. DAV deer tags are valid statewide, and DAV elk tags are only valid in the selected zone. See pages 16–17 for Hunt Codes and additional details on the 2027 DAV Draw. Both the Nonresident Tag Draw and the Reduced fee Nonresident DAV Tag Draw have an application period of December 5–15.

Q: What requirements are there for Junior Mentored hunting tags?

A: Junior Mentored tag holders, age 10 to 17, must be accompanied by a licensed adult aged 18 or older. The licensed adult must have a valid current year tag for the same species as the Junior Mentored tag holder. Hunters are not eligible for a refund for the Junior Mentored license in the event that the licensed adult is unable to purchase a same species tag. A refund of a portion of the tag fee may be available, depending on the date the refund is requested. See the current Big

Game Seasons and Rules for additional details on youth hunt information. Note that nonresident junior mentored hunters only need to participate in the Nonresident Draw if they are purchasing capped elk zone tags. Uncapped elk zones and statewide deer tags can be purchased in late March.

Q: Will there be a difference between archery, any weapon, and muzzleloader tags?

A: Some deer and elk tags have archery, muzzleloader, and/or general any weapon seasons that should be reviewed within the current Idaho Big Game Seasons and Rules brochure prior to purchase. Some tags may require a hunter to purchase an additional archery or muzzleloader permit, which allows the hunter to hunt in seasons limited by weapon type. Hunters purchasing an archery permit must provide an archery safety education (bowhunter) certification number.

Q: Are controlled hunt tags for nonresidents part of the nonresident limits by deer unit and elk zones?

A: No. Tags for nonresidents who successfully draw a controlled hunt are not counted as part of the nonresident quota, and they are not part of the limits placed on deer units and uncapped elk zones for nonresidents. However, nonresidents are limited to no more than 10% of the overall tags in controlled hunts.

Outfitted Hunt Questions

Q: How do I obtain the services of an outfitter?

A: You should contact the outfitter directly to inquire about hunts.

Q: Does the outfitter provide the deer or elk tag? Can I hire an outfitter even if I already have a tag?

A: The outfitter may be able to provide hunters with outfitter-allocated deer and elk tags depending on what each individual outfitter has available. Outfitters may also offer services to hunters who have bought their own tags. Contact outfitters for your tag area to discuss specific arrangements.

Nonresident License, Tag, Refund & Exchange Information

Q: I have never purchased a license in Idaho before, but want to apply in the draw. What information will I need to provide?

A: It is recommended that you create an account at **GoOutdoorsIdaho.com** before the nonresident draw application period. Required information includes your name, address, gender, eye color, hair color, height, weight, email address, last 4 digits of your social security number (other documentation is also accepted such as Travel Visa, non-US driver license, passport, tax ID & green card), hunter education number with issuing state, and phone number.

Q: Will I get a refund on my license and tag if the rest of my hunting party cannot get a tag for the same area?

A: No refund on the license is available. However, during the Nonresident Draw, hunters can apply as a group with up to 4 members in a group to ensure all members of the hunting party receive the same drawing results.

If the group does not draw a tag, the license may still be used for other opportunities, including applying for controlled hunts, hunting other big game, small game, upland game species, and participating in Returned Tag Sales.

Q: Will I get a refund on my license and tag if I got the wrong zone/unit and cannot exchange the tag for the area I want?

A: No refund on the license is available. A refund of a portion of the tag fee may be available, depending on the date the refund is requested. Details on refund requests can be found at: idfg.idaho.gov/licenses/forms/nonresident-refund.

Q: How do I request a refund on my tag?

A: Refund requests must be mailed in with the tag and a refund request form. See idfg.idaho.gov/licenses/forms/nonresident-refund for details on requesting a refund.

Q: What are my options if I do not get the tag for the area I want?

A: The license may still be used for other opportunities, including applying for controlled hunts, hunting other big game, small game, or upland game species, and participating in Returned Tag Sales. More information on returned tag sales can be found at idfg.idaho.gov/tag/returns.

Q: Can I exchange my tag from one zone/unit to another?

A: Yes, exchanges are available for a fee, subject to tag availability in the other unit/zone, **before July 31**. Please note that if an exchange is an option, the hunter will need to return the original tag and submit the exchange fee to IDFG before receiving the new tag.

Tags may be exchanged at IDFG offices and by mail, or online during designated Returned Tag Sales.

CHRONIC WASTING DISEASE

As of March 2026

For up-to-date information visit: idfg.idaho.gov/cwd

Hunting in a Chronic Wasting Disease (CWD) Management Zone

As of March 2026, Idaho Department of Fish and Game (IDFG) has established Chronic Wasting Disease Management Zones in Units 14, 18, and a portion of Unit 1 (portion of Boundary County east of the Selkirk Mountains crest).

Transport Rules Apply to Deer, Elk, and Moose From a CWD Management Zone

It is unlawful to transport any deer, elk, or moose (including salvaged animals) out of Units 14, 18, and a portion of Unit 1 (portion of Boundary County east of the Selkirk Mountains crest). However, there are exceptions for meat and some other animal parts. Visit idfg.idaho.gov/cwd/rules.

CWD Testing Required:

- For hunter-harvested Mule Deer and White-tailed Deer in Units 14, 18, 23, 63A, 64, 69 and a portion of Unit 1 (portion of Boundary County east of the Selkirk Mountains crest).
- If the head of an elk or moose harvested in a CWD management zone is transported out of the zone, it must be presented to IDFG for testing. The head will not be returned to the hunter.

Heads or lymph nodes must be submitted within 10 days of harvest.

The following guidelines should be followed for proper sampling:

- Lymph nodes and obex are the only carcass parts that meet the requirements for sampling.
- Specific techniques for removing lymph nodes can be found at idfg.idaho.gov/cwd; those not comfortable with the process can bring the head to IDFG for sampling.
- If bringing the head for sampling, it should be severed at least 3 inches below the base of the skull.

NOTE: Fish and Game's headquarters office in Boise is not equipped to extract lymph nodes from harvested animals.

Should I get my deer, elk or moose tested for CWD if I harvest outside of the Required Test Units?

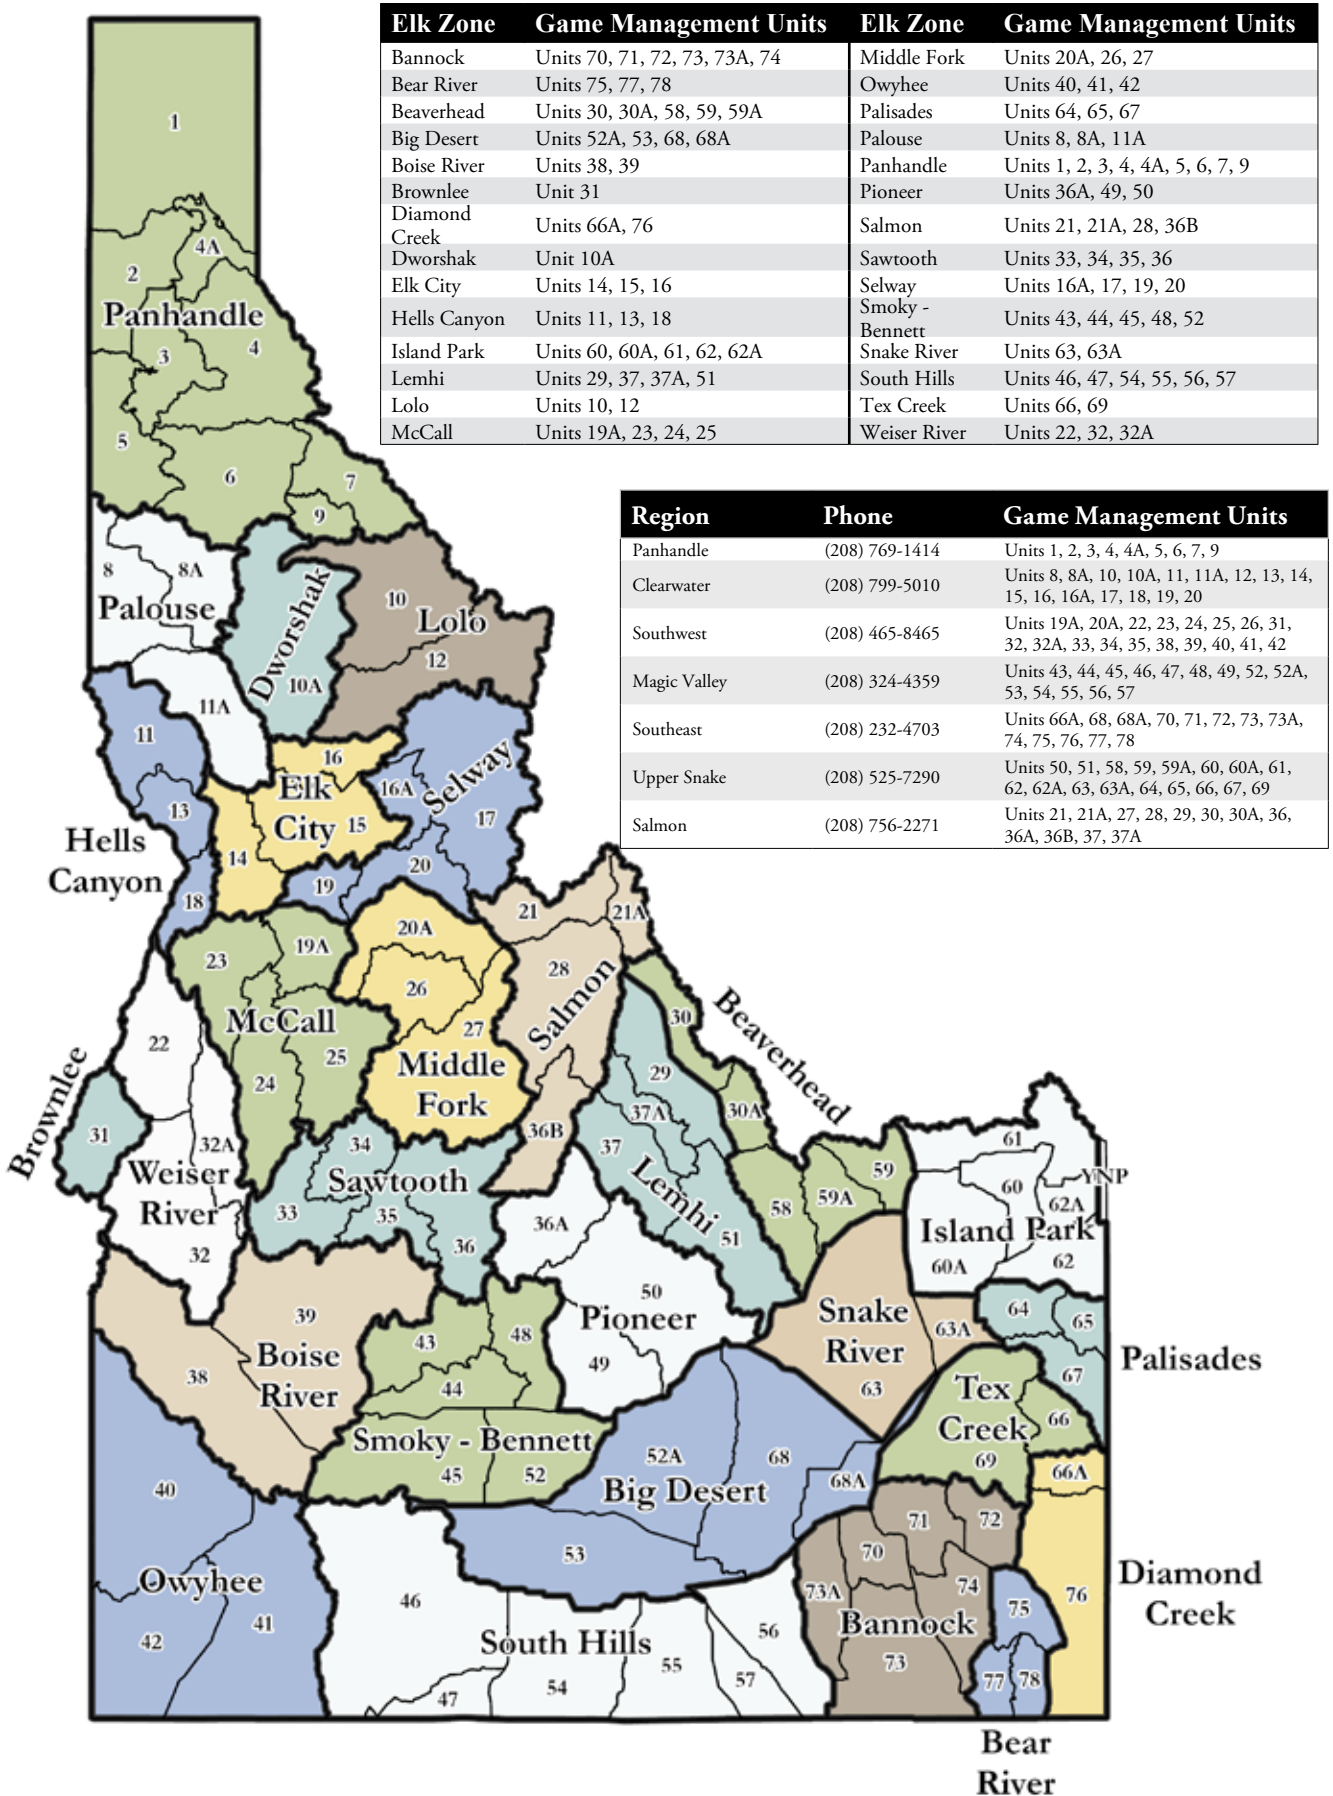

- **Yes, testing is recommended for**
 - Elk and moose harvested in Units 1, 14, 18, 23, 63A, 64, or 69.
 - Deer, elk and moose harvested in any unit adjacent to Units 1, 14, 18, 23, 63A, 64 or 69.
 - Deer, elk, and moose harvested in any unit that borders Washington, Montana, Wyoming, or Utah.
- **Hunters who harvest in any other units** and are concerned if their deer, elk, or moose may be infected with CWD.

For up-to-date CWD information and sampling instructions go to idfg.idaho.gov/cwd

IDAHO ELK ZONES AND GAME MANAGEMENT UNITS

REGULAR DEER

NONRESIDENT REGULAR DEER TAGS BY UNIT

Use the Idaho Big Game 2026 Seasons & Rules as a **guide** for Regular Deer seasons and hunt boundaries by Unit.
Verify seasons and restrictions for your tag when the Idaho Big Game 2027 Seasons and Rules brochure is published in April 2027.

Reminder: Junior Mentored hunters do not need to apply for nonresident deer tags. Tags will be available over-the-counter in late March.

Use the **“Hunt Code”** when applying for the 2027 Nonresident Draw.

WHITE-TAILED DEER

NONRESIDENT WHITE-TAILED DEER TAGS BY UNIT

Use the Idaho Big Game 2026 Seasons & Rules **as a guide** for White-tailed Deer seasons and hunt boundaries by Unit. Verify seasons and restrictions for your tag when the Idaho Big Game 2027 Seasons and Rules brochure is published in April 2027.

Reminder: Junior Mentored hunters do not need to apply for nonresident deer tags. Tags will be available over-the-counter in late March.

Use the **“Hunt Code”** when applying for the 2027 Nonresident Draw.

NONRESIDENT DISABLED AMERICAN VETERAN DEER TAGS

NONRESIDENT DISABLED AMERICAN VETERAN (DAV) TAGS

To be eligible to apply for a DAV tag, veterans must provide a copy of their official VA Disability Percentage Rating letter, and the letter must verify a service-connected disability rating of 40% or greater. Documentation may be provided via email by sending to Licenses@idfg.idaho.gov.

DAV hunters are eligible to participate in both the Nonresident Draw and the DAV draw. If successful in

the Nonresident Draw, the DAV hunter must purchase the tag at the full nonresident fee.

If a DAV hunter is successful in drawing a tag in both the Nonresident Draw and the DAV Draw, they will be required to select one tag when claiming their tag.

Verify seasons and restrictions for your tag when the Idaho Big Game 2027 Seasons and Rules brochure is published in April 2027.

NONRESIDENT DAV DEER TAGS

There are 500 DAV reduced fee tags, available for Regular or White-tailed Deer that can be used statewide in any open season for that species.

Use the “**Hunt Code**” when applying for the 2027 DAV Draw.

DEER - 2027 Nonresident Disabled American Veteran (DAV)		
Hunt Code	Type	Notes
DAVRD	Regular Deer	Can be used in any general regular deer season hunt.
DAVWD	White-tailed Deer	Can be used in any general white-tailed deer season hunt.

Shed Antler Gathering

It is a popular late-winter and spring activity that lets people enjoy time outdoors and bring home deer and elk antlers. Please remember deer and elk are still trying to survive the rigors of winter, and protecting them should always take priority over finding antlers. To protect our valuable wildlife, please do your antler hunting responsibly.

- **Do not chase or harass deer, elk or other wildlife**, and don't allow your dogs to chase or disturb wildlife. Even if the weather is warm and sunny, animals are still stressed from winter, especially the young ones.
- **Wait until deer and elk have left winter range before hiking and searching for antlers.**
- **If you encounter animals, leave the area and search elsewhere, or come back later.**
- Check Fish and Game's website for seasonal antler gathering closures.

ATTENTION NONRESIDENTS: Beginning July 1, 2024, a nonresident must have a valid Idaho hunting license (excluding Small Game and Nongame Hunting Licenses) before searching for, collecting, possessing, or transporting antlers or horns shed from deer, elk, moose, or pronghorn originating in Idaho. Nonresidents under the age of twelve who are accompanied by a licensed nonresident, or an Idaho resident are not required to possess a hunting license.

NONRESIDENT YOUTH HUNT INFORMATION

Nonresident Junior Mentored

Reminder for adults with Junior Mentored Hunters:

Secure the adult tag before buying a Junior Mentored tag. Junior Mentored hunters must hunt with an adult holding a tag for the same species.

Nonresident youth must be 10 or older to hunt big game in Idaho.

Nonresidents age 10 and older who possess a nonresident junior mentored hunting license **must be accompanied by an adult 18 years or older who holds a current year license and tag that is valid for the same species as the youth hunter.** The accompanying adult must be close enough to be within normal conversation or hearing range without shouting or the aid of electrical devices and may hunt while participating in the mentored hunting program. A licensed adult may not accompany more than two youth at a time. A tag that has already been filled still meets the tag possession requirement.

Elk

Nonresidents with a NONRES HUNTING - JR MENTORED license only need to participate in the Nonresident draw if they are applying for a capped elk zone. (Elk zones are noted as capped in the capped zone column of the nonresident elk tags by zone table in this brochure and the Big Game Seasons and Rules)

Uncapped elk zones are unlimited for Junior Mentored hunters. Therefore, they do not need to apply for those in the nonresident draw. Nonresident Junior Mentored hunters are eligible to purchase general season tags in late March, when the drawing process is complete.

Deer

Regular and white-tailed deer tags are unlimited for Junior Mentored hunters. Therefore, they do not need to apply for those in the Nonresident Draw. Nonresident Junior Mentored hunters are eligible to purchase general season tags in late March, when the drawing process is complete.

Youth Hunting Licenses

Nonresident youth ages 12 to 17, who possess a full price hunting license are not required to follow the “accompanied by” rule in the field.

ELK TAG LIMITS FOR NONRESIDENTS AND OUTFITTERS BY ZONE

(Including Resident Limits for Capped Elk Zones)

ELK TAG LIMITS FOR NONRESIDENTS AND OUTFITTERS BY ZONE

(Including Resident Limits for Capped Elk Zones)

See pages 3-7 for application information and instructions on how to apply for nonresident elk tags.
See pages 14-15 for Hunt Codes to apply.

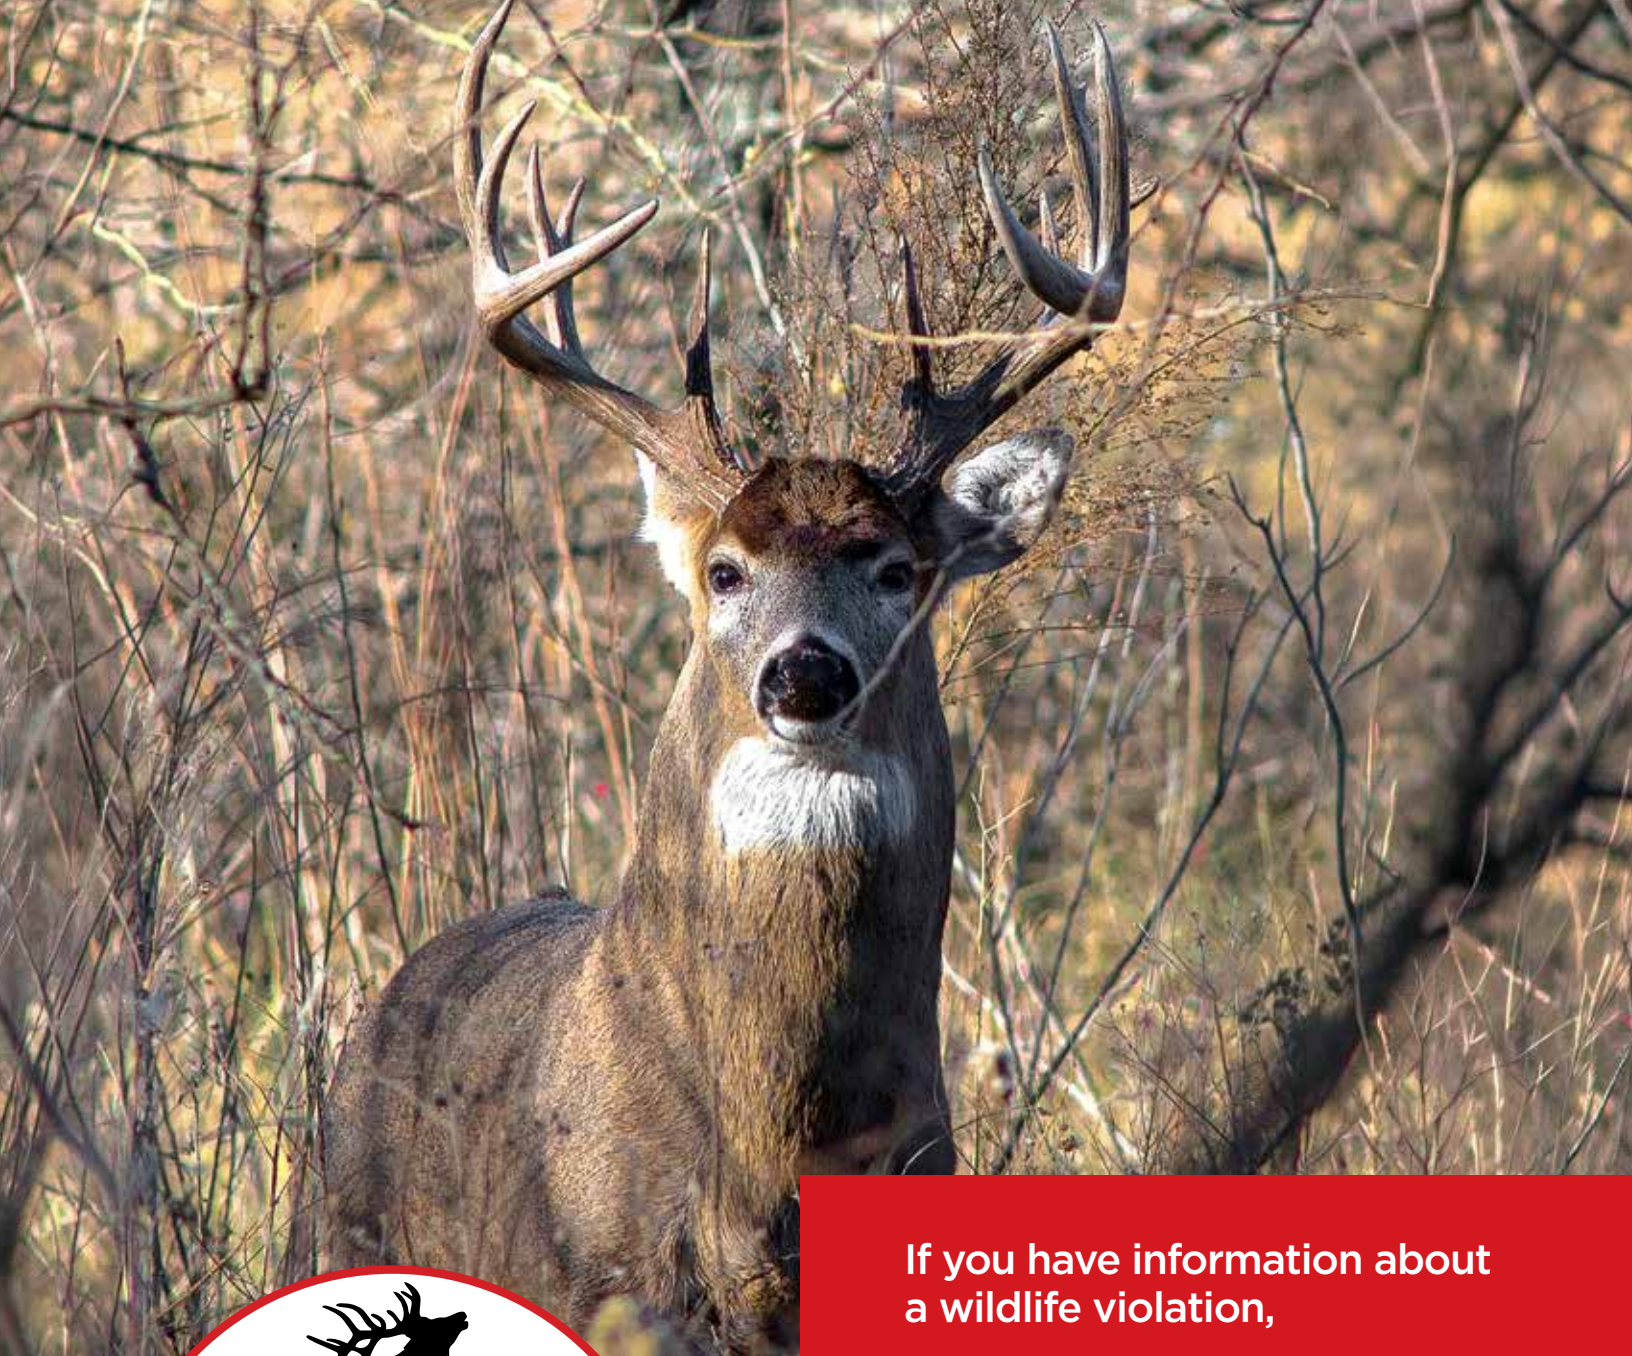

Elk Zone		Nonresident Tags	Outfitter Allocated Tags	Resident Tags ^a	Total Capped Tags
Pioneer Zone Units 36A, 49, 50	A Tag	134	145	-	-
	B Tag	2	4	494	500

South Hills Zone Units 46, 47, 54, 55, 56, 57	A Tag	44	0	-	-
	B Tag	10	0	490	500
Tex Creek Zone Units 66, 69	A Tag	96	60	-	-
	B Tag	165	62	-	-
Weiser River Zone Units 22, 32, 32A	A Tag	229	4	-	-
	B Tag	332	2	-	-

Notes:

^a Zones that also display Resident Tags are Capped Elk Zones.

^b Total Capped Tags does not equal the sum of the columns because nonresident tags have been withheld in this zone. Totals will be finalized when the IDFG Commission sets tag numbers in March 2027.

If you have information about
a wildlife violation,

**Make The Call:
1-800-632-5999**

- The Citizen's Against Poaching (CAP) Hotline is open 24/7/365.
- Callers can remain anonymous, and may be eligible for a cash reward.
- The more details a caller can provide, the better! Examples: License plates, suspect descriptions, dates/times, locations, and wildlife involved.
