Idaho Migratory Game Bird

2024-2025 Seasons & Rules

Director Jim Fredericks' letter to migratory bird hunters of Idaho

Idaho is blessed with diverse and high-quality hunting, fishing and trapping. Whether you're hunting doves in September, ducks in October or snow geese in March, Idaho's migratory bird hunting offers long seasons with abundant and diverse species available.

Unlike other hunting in Idaho, the U.S. Fish and Wildlife Service determines how many days each state can allow migratory game bird hunting, which months those hunts can take place, and maximum bag limits. Idaho Fish and Game Commission sets Idaho's seasons within those parameters after consulting with hunters.

Idaho's migratory bird hunting seasons are also guided by international treaties, so the Commission has less leeway with migratory game birds than other birds that spend their entire lives within Idaho's borders.

However, hunters still play an important role in season setting. Fish and Game staff have been conducting waterfowl hunter opinion surveys since 2012 to better understand what

hunters prefer with season structure and timing across the state.

Over the next year, migratory game bird hunters can expect to see a goose hunter opinion survey, and a duck and dove hunter opinion survey that will inform future season recommendations to the Fish and Game Commission.

Given Idaho's diverse landscapes, elevations and climates, "one-size-fits-all" migratory game bird hunting seasons wouldn't maximize opportunity in each region, so we have different opening and closing dates in different parts of the state to align with prime migrations and optimal hunting weather.

Hitting these optimal times is reflected in the quality of hunting available, and Idaho ranks near the top of the Pacific Flyway for long-term average harvests for many migratory game birds.

- Idaho ranks first in the Pacific Flyway for Canada goose and goldeneye harvest.
- Idaho ranks third in mourning dove harvest behind California and Arizona.
- Idaho is fourth for overall duck harvest behind California, Washington and Oregon.
- Mallards represent 66% of Idaho's duck harvest.

Idaho also contributes to breeding waterfowl populations directly and indirectly by providing nesting habitat at our Wildlife Management Areas and supporting wetland habitat preservation and improvement within Idaho, and north to the Canadian prairies.

STATE AND FEDERAL REGULATIONS FOR MIGRATORY GAME BIRD BAITING

THE FOLLOWING INFORMATION SUMMARIZES MIGRATORY GAME BIRD BAITING REGULATIONS.

What is baiting?

Direct or indirect placing, exposing, depositing, distributing, or scattering salt, grain, or other feed that could lure or attract migratory game birds to, on, or over any hunted area.

How long is an area baited?

For 10 days after all salt, grain, or other feed is completely removed.

How close to bait can you hunt without breaking the law?

There is no set distance. It is illegal to hunt if bait is present. Distance will vary depending on the circumstances, topography, weather, and waterfowl flight patterns, case-by-case.

What is Illegal?

Examples of areas you cannot hunt migratory game birds include:

- Unharvested crops trampled by livestock or subjected to other types of manipulations that distribute, scatter, or expose grain.
- Croplands where harvested grain is redistributed or "added back" onto the area.
- Areas where grain is present and stored; grain elevators, grain bins or areas grain is present for feeding livestock.
- Freshly planted wildlife food plots with exposed grain.
- These examples do not represent an all-inclusive list of waterfowl baiting violations.

What is Legal?

You can hunt migratory game birds on, over, or from:

- Standing crops or flooded standing crops, including aquatic plants.
- Standing, flooded, or manipulated natural vegetation.
- Flooded harvested croplands.
- Lands where grains are scattered solely as the result of a normal agricultural planting, harvesting, or postharvest manipulation.
- Lands where top-sown seeds are scattered solely as the result of a normal agricultural planting, or planting for agricultural soil erosion control or post-mining land reclamation.

The Hunter's Responsibility

Hunter's are responsible for determining if a proposed hunting area is baited.

Before hunting, you should:

- Familiarize yourself with Federal and State migratory game bird hunting regulations.
- Suspect the presence of bait if you see waterfowl feeding in a particular area in unusually large concentrations or displaying a lack of caution.
- Look for grain or other feed in the water, along the shore, and on the field. Pay particular attention to the presence of spilled grain on harvested fields and seeds planted by top sowing.
- Confirm scattered seeds or grains on agricultural lands are present solely as the result of a normal agricultural planting, normal agricultural harvesting, normal agricultural post-harvest manipulation, or normal soil stabilization practice by consulting the Cooperative Extension Service.
- Abandon the hunting site if you find grain or feed in an area and are uncertain about why it is there.

NAVIGABILITY AND PUBLIC ACCESS

(Refer to Idaho Code 36-1601)

WHEN IN NAVIGABLE STREAMS BORDERED BY PRIVATE PROPERTY

YOU MUST STAY BELOW THE NORMAL HIGH-WATER MARK

of the stream, unless you have landowners permission to get out on the bank or have no other means of getting around an obstruction in the stream (such as a fence or diversion dam). High-water area in yellow.

WHEN GETTING OUT OF A STREAM TO GO AROUND AN OBSTRUCTION

Take the shortest, most direct route around the obstruction to get back in the stream. Do not allow pets or children to trespass on adjacent private property without landowner permission.

YOU MAY ENTER AND EXIT A NAVIGABLE STREAM

at locations other than below the high-water mark, such as public right of way at county road bridges.

ASK FIRST Always get landowner permission before crossing private right of way.

Stream Public Right of Way PUBLIC ROAD RIGHT OF WAY widths vary, but typically are wide enough for a person to walk immediately adjacent to the bridge to reach high-water mark. Check with local road departments to determine the exact width. Public Right of Way

Navigable streams are defined as any stream which, in its natural high-water condition, will float logs or any other commercial or float-able commodity, or is capable of being navigated by oar or motor propelled small craft for pleasure or commercial purposes. Navigable streams are recognized as public transportation corridors, thus members of the public have the right to use the

corridor provided they enter and exit the corridor at a public right of way, and remain within the corridor. Many navigable steams flow through private property thus it is important that anglers and hunters know their rights and responsibilities when fishing and hunting in navigable waters that flow through private property.

KNOW YOUR TARGET! Swan hunting is restricted

Two species of swan are found in Idaho: tundra and trumpeter swans. A limited swan hunt will take place in Benewah, Bonner, Boundary, and Kootenai counties in the Panhandle Region only.

Swans have up to a seven-foot wingspan and weigh up to 30 pounds. Young swans (cygnets), are medium gray in color, with pale belly and wing linings, and are smaller than adults. Swans fly with a slow, distinct wing beat.

Snow and Ross's geese are also white, but are much smaller and have black wing tips.

Swans are much larger and have longer necks, but they can be mistaken for light geese and are vulnerable to accidental and illegal shooting. Make sure you know the difference.

Swan tag holders are encouraged to take the swan orientation course at: idfg.idaho.gov/hunt/swan

General Rules and Information

License Requirements

To hunt upland game birds, waterfowl, such as ducks or geese, snipe, mourning doves and sandhill cranes, small game, predators and unprotected species or to practice falconry in Idaho, all hunters must have in their possession a valid Idaho hunting license or hunting passport with the appropriate validations and stamps.

Stamps and Validations

- Federal Migratory Bird (Duck) Stamp must be validated by the holder, by signing in ink across the face of the stamp by any waterfowl hunter 16 or older. Physical stamps are available at U.S. post offices for \$25.00. An Electronic Duck Stamp is \$30.75; \$25.00 is remitted to the U.S. Fish and Wildlife Service, \$1.75 is retained by Fish and Game, and \$4.00 to Amplex Corporation for program administration. The Electronic Duck Stamp shall remain valid from the day purchased through the following June 30. Physical stamps will be mailed following the March 10 after the Electronic Duck Stamp was purchased. The stamp is valid from July 1 through June 30 of the following year.
- Migratory Bird (HIP) permit, costs \$1.75 with Price Lock, \$2.75 without Price Lock for residents, or \$5.00 for nonresidents, effective from January 1 through December 31 of each year. Required for all waterfowl, sandhill crane, and mourning dove hunters.

Both are available online at: GoOutdoorsIdaho.com and at any license vendor.

Information from the Migratory Bird (HIP) permit allows migratory game bird managers to more accurately estimate annual harvest of waterfowl, shorebirds (e.g., snipe), and doves to gain a better understanding of bird populations. The U.S. Fish and Wildlife Service and all state wildlife agencies cooperate in this program to gather better harvest information on migratory game birds. Idaho joined the program in 1996.

Federal Regulations

Idaho's waterfowl seasons are set within frameworks determined by the U.S. Fish and Wildlife Service, after meeting with all state fish and wildlife agencies.

Migratory birds are protected by federal law as a result of treaties signed with other countries. Protected migratory birds are listed in Title 50, Code of Federal Regulations, Part 10.13. This list includes almost all birds found in the United States with the exception of the house sparrow, feral pigeon (commonly called rock dove), European starling, Eurasian collared-dove, mute swan, and upland game birds (which are protected by state laws).

All migratory birds are protected. However, a subset of migratory birds classified as migratory game birds may be hunted in accordance with state and federal regulations. The list of

MOST COMMON HUNTING VIOLATIONS

Every hunting season, some individuals unwittingly or knowingly violate the state's game laws - some more frequently than others.

Idaho Fish and Game urge all hunters to review Idaho's hunting rules and regulations to ensure they act within the law.

The following is a listing of common violations our officers encounter every hunting season:

- Fail to validate the Federal Migratory Bird (Duck) Stamp by signing in ink. Refer to the information at the top of this page.
- Fail to purchase the Federal Migratory Bird (Duck) Stamp and/or Migratory Bird (HIP) permit, both of which are required to hunt waterfowl. Refer to the information at the top of this page.
- Possess and use a shotgun capable of holding more than three shells unless it is plugged with a one-piece filler. Refer to page 25.

- Possess more migratory game birds than allowed. Refer to page 25 for federal limits.
- ⊕ Fail to comply with lawful shooting hours. Refer to shooting hour charts on pages 15-17.
- Fail to purchase a valid hunting license. Refer to the information at the top of this page.

Persons with questions on these or any other Fish and Game laws and regulations can call any Fish and Game office, see page 4.

migratory game birds includes species of ducks, geese (including brant), swans, doves and pigeons, cranes, rails, coots, gallinules and moorhens, woodcock and snipe, if there is an open season.

Nontoxic Shot: Nontoxic shot is required for all waterfowl hunting in Idaho. Hunters may have in their possession only nontoxic shot approved by the U.S. Fish and Wildlife Service that is 0.20 inches in diameter (T size) or smaller. Please consult the U.S. Fish and Wildlife Service for the most current list of nontoxic shot approved for waterfowl.

Additional federal regulations: In addition to state rules, (see: "State Rules" section on page 26) the following federal regulations apply to the taking, possessing, shipping, transporting, or storing of migratory game birds. This information is only a summary of the major federal regulations which are found in Title 50, Code of Federal Regulations, Part 20. Violation of federal regulations is also a violation of state law.

It is against the law to take migratory game birds:

- With any shotgun capable of holding more than three shells unless it is plugged with a one-piece filler which is incapable of removal without disassembling the gun. Except during a light-goose-only season (greater and lesser snow geese and Ross's geese) when all other waterfowl and crane hunting seasons, excluding falconry, are closed.
- Using records or tapes of migratory bird calls, or sounds, or electronically amplified imitations of bird calls. Except during a light-goose-only season (greater and lesser snow geese and Ross's geese) when all other waterfowl and crane hunting seasons, excluding falconry, are closed.
- From a sink box (a low floating device having a depression affording the hunter a means of concealment beneath the surface of the water).
- From or with the aid or use of a car or other motor-driven land conveyance, or any aircraft, except that paraplegics and single or double amputees of the legs may take from any stationary motor vehicle or stationary motor-driven land conveyance. "Paraplegic" means an individual inflicted with paralysis of the lower half of the body with involvement of both legs.
- By use or aid of live birds as decoys.
- From or by means of any motorboat or sailboat unless the motor has been completely shut off and/or the sail furled, and its progress therefrom has ceased.
- With a trap, snare, net, rifle, pistol, swivel gun, shotgun larger than a 10 gauge, punt gun, battery gun, machine gun, fishhook, poison, drug, explosive, or stupefying substance.
- By driving, rallying, or chasing birds with any motorized conveyance or any sailboat to put them in the range of the hunters.
- By the aid of baiting (placing feed such as corn, wheat, salt, or other feed to constitute a lure or enticement), or on or over any baited area, where a person knows or reasonably should know the area is or has been baited. A baited area is considered baited for 10 days after removal of the bait, See page 18.

- During the closed season.
- Outside legal shooting hours.

an approved bowhunter education course or show evidence of having been licensed for an archery-only hunt in Idaho or another state, or complete an affidavit to that effect. Hunters submitting an archery affidavit or approved education course certification should allow Fish and Game staff 3 - 5 business days to process the documentation, and should not submit the affidavit immediately preceding a tag sale.

- Course and registration information can be found on Fish and Game's website at idfg.idaho.gov/hunt/education or by contacting any Fish and Game office.
- Individuals planning to participate in fall hunts are encouraged to enroll in a course before June 30, as the number of courses offered becomes very limited closer to fall hunting seasons.
- Prospective hunters have two course options to receive their certification: **Instructor-led Course** – 12 to 18 class hours plus an outdoor field day and final written exam. Online Course – A self-paced, online instruction and an online exam. An additional outdoor field day may be required for hunter certification, check idfg.idaho.gov/hunt/ education.

Resident Disabled Licenses

Any resident certified as permanently disabled or eligible for federal supplemental income (SSI), social security disability income (SSDI), railroad retirement board disability, a nonserviceconnected veteran's pension, or a service-connected veteran's disability benefit with 40 percent or more combined/overall disability rating, may qualify for a "disabled" license. An applicant must provide either a benefit verification letter from the Social Security Administration in their name showing they are receiving SSI or SSDI benefits for the current year, or a letter from the Railroad Retirement board verifying disability status and being dated within 3 years preceding application for a license, or an official identification card issued by the U.S. Department of Defense, or a letter of any date from the U.S. Department of Veterans Affairs verifying a service-connected disability rating of 40% or greater, or a current year's letter from the Veteran Affairs office showing the applicant is receiving a nonservice-connected pension, or a form prescribed by the department that certifies permanent physical disability. A physically disabled person means a person who has lost the use of one (1) or both lower extremities or both hands, or is unable to walk 200 feet or more unassisted by another person or without the aid of a walker, cane, crutches, braces, prosthetic device or a wheelchair, or is unable to walk 200 feet or more without great difficulty or discomfort due to one or more of the following impairments: neurological, orthopedic, respiratory, cardiac, arthritic disorder, blindness (a medically documented loss or impairment of vision and includes any person whose visual acuity with correcting lens does not exceed 20/20 in the better eye, or whose vision in the better eye is restricted to a field which subtends an angle of not greater than 20 degrees), or the loss of function or absence of a limb.

An applicant may present a valid Idaho driver's license if the holder meets disability requirements or section 49-117(7)(b), Idaho Code, and license is marked as disabled.

Disabled licenses may be purchased at Fish and Game offices, selected license vendors (see website at idfg.idaho.gov/licenses for list), and through the mail.

Disabled Hunter and Companion

The rules for a companion assisting a disabled hunter allow the companion to take an animal that has been wounded by the disabled hunter and to place and validate the disabled hunter's tag on the animal.

The rules apply for disabled hunters who possess a valid disability license, disabled archery permit, a disabled hunt-from-a-motorvehicle permit and a valid tag, or a disabled veteran participating in a hunt as provided in section 36-408(7), Idaho Code, and has a valid tag or permit.

The companion is not required to have a tag or controlled hunt permit to assist a disabled hunter. However, the companion must have a valid license and applicable special weapon permit (i.e. – for an archery only hunt, the companion would need an archery permit) when assisting a disabled hunter.

The companion must have a written statement of designation from the disabled hunter while hunting with the disabled hunter or assisting them with taking and tagging their harvested animal. The statement must include the disabled hunters name, address, hunting license, big game tag number and the dates of the designation as a companion.

The companion must accompany the disabled hunter while hunting and they are required to be within normal conversation or hearing range without shouting or the aid of electronic devices.

For more information about the rules for a companion to a disabled hunter, please contact your local Fish and Game office, see page 4.

Resident Lifetime License Certificates

The purchase of a lifetime certificate could be the best investment you ever make. Lifetime certificates authorize all privileges associated with a corresponding annual license, are valid for the life of the certificate holder and are available to Idaho residents. The lifetime certificate does not include tags and permits. If a lifetime certificate holder moves out of Idaho, they will continue to receive an annual license, but will pay nonresident tag and permit fees. Lifetime certificates can be purchased at Idaho Fish and Game offices only.

Applicant	Combination	Hunting	Fishing	Trapping
0 - 1 year	\$795.50	\$276.75	\$601.75	\$701.75
2 - 50 years	\$1,113.00	\$386.75	\$841.75	\$981.75

Idaho Residency Requirements

- 1. Drivers must present: A valid Idaho driver's license and must have been domiciled in the state of Idaho for the last six months immediately prior to purchasing a resident license, tag or permit. Owning real property or paying property taxes within the state of Idaho does not in itself establish residency. You cannot claim resident privileges in any other state or country if you intend to claim residency and purchase resident licenses in the state of Idaho.
- 2. Non-drivers must present: An Idaho identification card issued by the Department of Transportation; or a combination of two documents bearing your name and address but not issued by yourself.

Examples include:

- Home utility bills for the previous six months.
- Rent receipts or mortgage statements for the previous six months.

- Notarized statement from an employer on business letterhead.
- Proof of voter registration dated six months prior.
- For a minor child under 18, identification from a parent.
- **Important note:** Idaho residents without a valid Idaho driver's license cannot purchase resident items through the online licensing system. Idaho residents with other residency qualification documentation must purchase resident items at an in-person vendor location or Idaho Fish and Game office.
- 3. Military members: A nonresident member of the Armed Forces of the United States or a foreign country, which includes state National Guard or Air National Guard, may obtain a resident license provided the service member presents a copy of assignment orders appropriate for the branch of service, such as "Request for Authorization for Permanent Change of Station-Military" that indicate the member is on active duty with permanent duty station in Idaho at the time of license application. The nonresident active duty member's spouse and dependent children less than 18 years of age may obtain a resident license, provided they present a copy of the service member's assignment orders and documentation they are a member of the active duty members household. Authorized documentation includes a marriage certificate, identification issued by the Idaho Department of Transportation indicating the same address as the active duty service member, or a current signed "Military Status and Residency Affidavit".

Members of the Armed Forces who are not residents of Idaho, and who are stationed or domiciled in Idaho fewer than 30 days immediately preceding application are not eligible for a resident license military furlough license and must purchase nonresident licenses and tags.

This is a summary of residency requirements, for additional details see Idaho Code 36-202(S) and 36-405; online at idfg. idaho.gov/title36 and idfg.idaho.gov/idapa13 or contact your local Fish and game office. Persons who do not qualify as residents must purchase a nonresident license.

Hunting Passport

The Hunting Passport allows first-time hunters, resident or nonresident, to trial hunting with a licensed adult for only \$1.75 without having to complete a hunter education course. A Hunting Passport can be purchased online at Idaho Fish and Game's licensing site GoOutdoorsIdaho.com, at a regional office, or at a local vendor.

The Hunting Passport can only be purchased once in a lifetime for individuals who have previously never held a hunting privilege in any state, (except an 8-year-old may obtain an additional passport each year until turning 10 years of age) and is valid for one calendar year, just like a hunting license, and expires on December 31 of the year in which it was obtained.

An individual must be at least 8 years of age or older to purchase a passport. Holders of a Hunting Passport must purchase general season tags, and all permits and validations to participate in the hunt. Hunters 8 to 9 years of age can hunt game birds (except sandhill crane), upland game animals, turkey, furbearers, predatory or unprotected species. Hunters 10 years of age and older can hunt big game, game birds (including sandhill crane), turkey, upland game animals, furbearers, and predatory or unprotected species.

Hunters cannot apply for a controlled hunt with a Hunting Passport.

Hunting Passport license holders must be accompanied by an eligible adult hunting mentor.

Responsibilities of the Hunting Mentor:

- Mentor must be at least 18 years of age.
- Mentor must have a valid Idaho hunting license.
- Mentor may not accompany more than two mentored hunters at one time. Accompany means close enough to be within normal conversation or hearing range without shouting or the aid of electronic.
- No registration is required for the mentor.

For more details and frequently asked questions about the Hunter Passport, please go to idfg.idaho.gov/hunt/passport.

Know Idaho's **Trespass Law**

All persons must have written permission, or other lawful form of permission, to enter or remain on private land to shoot any weapon or hunt, fish, trap or retrieve game.

A person should know land is private and they are not allowed without

- The property is associated with a residence, business
- Or, it is cultivated
- Or, it is fenced or enclosed in a way that delineates the private property
- Or, it is unfenced and uncultivated, but is posted with conspicuous "no trespassing" signs or bright orange/fluorescent paint at all property corners and boundaries where the property intersects navigable streams, roads, gates and rights-of-way entering the land and posted in a way that people can see the postings.
- · Any person must leave private property when asked to do so by the owner

Note— It is illegal for anyone to post public land that is not held under an exclusive control lease. Private posting at navigable streams shall not prohibit access to navigable streams below the high-water mark as allowed by Idaho law.
