License Requirements
To hunt upland game birds, waterfowl, such as ducks or geese, snipe, mourning doves and sandhill cranes, small game, predators and unprotected species or to practice falconry in Idaho, all hunters must have in their possession a valid Idaho hunting license or hunting passport with the appropriate validations and stamps.

Stamps and Validations
- **Federal Migratory Bird (Duck) Stamp** must be validated by the holder, by signing in ink across the face of the stamp by any waterfowl hunter 16 or older. Hunters may buy a receipt for the stamp at any Fish and Game office or license vendor for $28.75. The receipt is valid 45 days from the date of issue, sufficient time for the actual stamp to arrive in the mail. They are also available at U.S. post offices for $25.00 and online at: [GoOutdoorsIdaho.com](http://GoOutdoorsIdaho.com). The stamp is valid from July 1 through June 30 of the following year.
- **Migratory Bird (HIP) permit**, costs $1.75 with Price Lock, $2.75 without Price Lock for residents, or $5.00 for nonresidents, effective from January 1 through December 31 of each year. Required for all waterfowl, sandhill crane, and mourning dove hunters.

Federal Regulations
Idaho’s waterfowl season is set within a framework determined by the U.S. Fish and Wildlife Service after meeting with all state fish and wildlife agencies.

Migratory birds are protected by federal law as a result of treaties signed with other countries. Protected migratory birds are listed in Title 50, Code of Federal Regulations, Part 10.13. This list includes almost all birds found in the United States with the exception of the house sparrow, feral pigeon (commonly called rock dove), European starling, Eurasian collared-dove, mute swan, and upland game birds (which are protected by state laws).

MOST COMMON HUNTING VIOLATIONS
Every hunting season, some individuals unwittingly or knowingly violate the state’s game laws – some more frequently than others. Idaho Fish and Game urge all hunters to review Idaho’s hunting rules and regulations to ensure they act within the law.

The following is a listing of common violations our officers encounter every hunting season:

- ☑ Fail to validate the Federal Migratory Bird (Duck) Stamp by signing in ink. Refer to page 24.
- ☑ Fail to purchase the Federal Migratory Bird (Duck) Stamp and/or Migratory Bird (HIP) permit, both of which are required to hunt waterfowl. Refer to page 24.
- ☑ Possess and use a shotgun capable of holding more than three shells unless it is plugged with a one-piece filler. Refer to page 25.
- ☑ Possess more migratory game birds than allowed. Refer to page 25 for federal limits.
- ☑ Fail to comply with lawful shooting hours. Refer to shooting hour charts on pages 15-17.
- ☑ Fail to purchase a valid hunting license. Refer to page 24.

Persons with questions on these or any other Fish and Game laws and regulations can call any Fish and Game office, see page 4.
All migratory birds are protected. However, a subset of migratory birds classified as migratory game birds may be hunted in accordance with state and federal regulations. The list of migratory game birds includes species of ducks, geese (including brant), swans, doves and pigeons, cranes, rails, coots, gallinules and moorhens, woodcock and snipe, if there is an open season.

Nontoxic Shot: Nontoxic shot is required for all waterfowl hunting in Idaho. Hunters may have in their possession only nontoxic shot approved by the U.S. Fish and Wildlife Service that is 0.20 inches in diameter (T size) or smaller. Please see idfg.idaho.gov/hunt/nontoxic for the most current list of nontoxic shot approved for waterfowl game.

Additional federal regulations: In addition to state rules, (see: “State Rules” section on page 26) the following federal regulations apply to the taking, possessing, shipping, transporting, or storing of migratory game birds. This information is only a summary of the major federal regulations which are found in Title 50, Code of Federal Regulations, Part 20. Violation of federal regulations is also a violation of state law.

It is against the law to take migratory game birds:

• With any shotgun capable of holding more than three shells unless it is plugged with a one-piece filler which is incapable of removal without disassembling the gun. Except during a light-goose-only season (greater and lesser snow geese and Ross’s geese) when all other waterfowl and crane hunting seasons, excluding falconry, are closed.

• Using records or tapes of migratory bird calls, or sounds, or electronically amplified imitations of bird calls. Except during a light-goose-only season (greater and lesser snow geese and Ross’s geese) when all other waterfowl and crane hunting seasons, excluding falconry, are closed.

• From a sink box (a low floating device having a depression affording the hunter a means of concealment beneath the surface of the water).

• From or with the aid or use of a car or other motor-driven land conveyance, or any aircraft, except that paraplegics and single or double amputees of the legs may take from any stationary motor vehicle or stationary motor-driven land conveyance. “Paraplegic” means an individual inflicted with paralysis of the lower half of the body with involvement of both legs.

• By use or aid of live birds as decoys.

• From or by means of any motorboat or sailboat unless the motor has been completely shut off and/or the sail furled, and its progress therefrom has ceased.

• With a trap, snare, net, rifle, pistol, swivel gun, shotgun larger than a 10 gauge, punt gun, battery gun, machine gun, fishhook, poison, drug, explosive, or stupefying substance.

• By driving, rallying, or chasing birds with any motorized conveyance or any sailboat to put them in the range of the hunters.

• By the aid of baiting (placing feed such as corn, wheat, salt, or other feed to constitute a lure or enticement), or on or over any

baited area, where a person knows or reasonably should know the area is or has been baited. A baited area is considered baited for 10 days after removal of the bait. See page 18.

• During the closed season.

• Outside legal shooting hours.

Wanton Waste

No person shall kill or cripple any migratory game bird without making a reasonable effort to retrieve the bird, and retain it in his/her actual custody, at the place where taken or between that place and either (a) his/her automobile or principal means of land transportation; or (b) his/her personal abode or temporary or transient place of lodging; or (c) a migratory bird preservation facility; or (d) a post office; or (e) a common carrier facility.

Federal Bag Limits

Daily Bag Limit: No person shall take in any one day more than one daily bag limit.

No person shall possess while in the field, have in custody, or transport more than one daily bag limit between the place where taken and either:

• His/her automobile or principal means of land transportation.

• His/her personal abode or temporary place of lodging.

• A migratory bird preservation facility.

• A post office.

• A common carrier facility.

Possession Limit:

• No person shall possess more than one daily limit on the opening day of the season. See pages 8-14.

• No person shall possess more than the possession limit even when such birds are stored at home or are being processed at a commercial preservation facility. See pages 8-14.

• No person including commercial facilities shall possess migratory birds of another unless such birds are tagged by the taker with the following information: (a) the hunter’s signature, (b) total number of birds involved, by species, (c) dates such birds were killed.

Tagging

No person shall give, put or leave any migratory game birds at any place or in the custody of another person unless the birds are tagged by the hunter with the following information: (a) the hunter’s signature, (b) the hunter’s address, (c) the total number of birds involved, by species, and (d) the dates such birds were killed. Tagging is required if the birds are being transported by another person for the hunter, or if the birds have been left for cleaning, storage (including temporary storage), shipment, or taxidermy services. See proxy statement on page 29.
Termination of Possession

The possession of birds taken by any hunter shall be deemed to have ceased when such birds have been delivered by him to:
• Another person as a gift when accompanied by a proxy statement.
• A post office, or a common carrier, or a migratory bird preservation facility, and consigned for transport by the Postal Service or a common carrier to some person other than the hunter.
(Note: Migratory birds left in processing or storage facilities, home freezers, etc., are part of a hunter’s “possession limit” until conditions above are met. Birds must be given or assigned to someone other than the taker in order to end or terminate possession.)

Species Identification

No person shall transport within the United States any migratory game bird and Eurasian-collared dove, unless the head or one fully feathered wing remains attached to each bird at all times while being transported from the place where taken until they have arrived at the personal abode of the possessor or a migratory bird preservation facility.

Shipment

No person shall ship migratory game birds unless the package is marked on the outside with: (a) the name and address of the person sending the birds, (b) the name and address of the person to whom the birds are being sent, and (c) the number of birds, by species, contained in the package.

Importation: For information regarding the importation of migratory birds killed in another country, hunters should consult 50 CFR 20.61 through 20.66.

Report Wildlife Crime
Poaching is Stealing

Idaho is a member of the Wildlife Violator Compact, which means that if an individual’s hunting, fishing or trapping license is revoked by any of the 48 member states; all the remaining states will revoke the same license or privilege for the same time period.

 Anyone with information about a wildlife violation are encouraged to “Make the Call” and contact the Citizens Against Poaching (CAP) hotline at 1-800-632-5999. Callers may remain anonymous, and they may be eligible for a reward.
