Controlled Hunt Application Period  
April 1-30

[idfg.idaho.gov](http://idfg.idaho.gov)

# Mail-in applications are no longer accepted for controlled hunt drawings.

Hunters may apply at any hunting and fishing license vendor or Fish and Game office

or with a credit card  
by calling (800) 554-8685

or

online at  
[idfg.idaho.gov/licenses/controlled](https://idfg.idaho.gov/licenses/controlled)

A current Idaho hunting license is required to apply. There is a nonrefundable application fee when applying for controlled hunts. When applying for a moose, bighorn sheep or mountain goat hunt the nonrefundable fee is \$16.75 for residents and \$41.75 for nonresidents. For more information please visit us online at [idfg.idaho.gov](https://idfg.idaho.gov).

## IDAHO'S TRESPASS LAW *changed July 1, 2018.*

# ASK FIRST

*Know before you go!*

Note - if private property adjoins or is contained within public lands, the fence line adjacent to public land should be posted with "no trespassing signs" or bright orange/fluorescent paint at the corners of the fence adjoining public land and at all navigable streams, roads, gates and rights-of-way entering the private land from public land and posted in a way that people can see the postings.

It is illegal for anyone to post public land that is not held under an exclusive control lease.

Private posting at navigable streams shall not prohibit access to navigable streams below the high-water mark as allowed by Idaho law.

A property owner may revoke permission at any time. Any person must leave private property when asked to do so by the owner or agent.

A first conviction of trespass on private property carries a mandatory one-year revocation of hunting/fishing/trapping licenses in addition to misdemeanor fine and seizure of animals taken on private property. Federal law prohibits unauthorized trespass on Indian-owned reservation lands for hunting, fishing, or trapping purposes.

**Refer to Idaho Code 36-1603 and I.C. 18-7008.**

### Permission Form

Permission given to (print): \_\_\_\_\_

Dates permission is valid: \_\_\_\_\_

from: \_\_\_\_\_  
to: \_\_\_\_\_

General Description of Property: \_\_\_\_\_  
\_\_\_\_\_

Landowner Name (print): \_\_\_\_\_

Owner or Agent Signature: \_\_\_\_\_

*A property owner may revoke permission at any time.*

**All persons must have written permission or other lawful form of permission to enter or remain on private land to shoot any weapon or hunt, fish, trap or retrieve game.**

A person should know land is private and they are not allowed without permission because:

- The property is associated with a residence or business;
- OR cultivated;
- OR fenced or enclosed in a way that delineates the private property;
- OR unfenced and uncultivated, but is posted with conspicuous "no trespassing" signs or bright orange/fluorescent paint at all property corners and boundaries where the property intersects navigable streams, roads, gates and rights-of-way entering the land and posted in a way that people can see the postings.

## DIRECTOR SCHRIEVER'S OPEN LETTER TO THE HUNTERS, ANGLERS AND TRAPPERS OF IDAHO

It's my honor to be the new director of Idaho Fish and Game, and my priority is to maintain Idaho's high quality hunting, fishing and trapping opportunities.

Idaho offers some of the most diverse big game hunting opportunities in the U.S., and part of the reason for that is our huntable moose, bighorn sheep and mountain goat populations. We are proud to provide hunters the opportunity to hunt these prized species, and we manage moose, bighorn sheep and mountain goats to preserve, perpetuate and continue these populations and hunting opportunities over the long term.

In recent years, our bighorn sheep and mountain goat populations have held relatively steady and provided reliable hunting, but we're seeing declining trends in our moose populations that is affecting the availability of tags.

I assure you we don't take lightly the current 16 percent statewide reduction in antlered moose tags, and a 46 percent reduction in antlerless moose tags. The larger decline in antlerless tags reflects our strategy of preserving the female population so it's available to produce the next generation.

Idaho's moose numbers grew through the early 2000s, and hunting seasons reflected that growth with moose tag numbers increasing every biennial season cycle between 1990 and 2004. Tag numbers peaked at 1,235 in 2004 before starting a gradual decline. Current moose tag numbers are similar to what were allocated in the mid-1990s.

We're certain wolf predation is playing a role in the decline of moose, and we are addressing that with more liberal wolf hunting and trapping seasons. But we're also seeing moose declines in areas that have few, or no, wolves, and shrinking moose populations are not unique to Idaho. Nearly all states with moose have also seen declines, which prompted biologists in the West to pool their resources and search for reasons why.

Idaho's portion of the larger research program focused on how changes in habitat altered the nutrition available to moose, and biologists also collected 460 blood, liver and fecal samples from harvested moose to evaluate micronutrients and parasites. Biologists are planning to collect more samples from moose harvested in the 2019.

Idaho wildlife managers expect to get better estimates of moose populations through remote cameras, and also determine cow-calf ratios. They will radio collar adult female moose in 2019 in several parts of the state to assess survival, and if one dies, determine what killed it. Hopefully, these efforts will help biologists better understand and improve moose populations.

However, don't let any of that discourage you from applying for a moose tag. The success rate for moose hunters in 2018 was over 70 percent, which explains why moose tags, as well as bighorn sheep and mountain goat tags, remain highly sought after, and they provide rewarding hunts and great experiences. Hunters are also reminded there are four moose tags available in the Super Hunt drawing.

Idaho continues to produce world-class big game hunting, and Idaho Fish and Game proudly offers moose, bighorn sheep and mountain goat hunters the opportunity to pursue these animals in some of the finest country anywhere.

Thank you for supporting Idaho Fish and Game and wildlife conservation in Idaho, and I wish you great hunting, fishing and trapping in 2019 and beyond.

**WHAT'S NEW**

**Big Game Controlled Hunt Applications are no longer accepted by mail. See pages 37-39.**

The 2019 and 2020 moose and bighorn sheep seasons include changes in tag numbers and controlled hunt areas in response to population changes and past harvest success rates.

**Moose** – Overall moose tags were reduced by 171 (109 antlered and 62 antlerless), to a total of 634 statewide. Antlerless harvest was eliminated in the Panhandle and Clearwater Regions. Boundaries were modified in controlled hunt areas 44 and 55. New controlled hunts were added in hunt areas 56 and 75-1.

**Bighorn Sheep** – Rocky Mountain tags increased by 6 (including 2 tags in new late hunts) and California tags decreased by 4 for a total of 99 bighorn sheep tags statewide. Boundaries were changed for controlled hunt areas 11, 20A, 26, and 55. New controlled hunts were added in hunt areas 36AL, 37AL, and 51.

**Mountain Goat** – Overall mountain goat tags were reduced by 4 for a statewide total of 44. Boundaries were changed in controlled hunt areas 9, 27-2, 27-4, and 37A. A new controlled hunt was added in hunt area 51.

**Drawing Odds:** For drawing odds by species, visit [idfg.idaho.gov/CHodds](http://idfg.idaho.gov/CHodds)

**Tag Transfer to Child or Grandchild Rule Clarified:**

A new rule for 2019 excludes moose, bighorn sheep, mountain goat controlled hunt tags from designation by any parent or grandparent to their minor child or grandchild. See page 37 for more information.

**Seasons and rules may change after a booklet is printed.** Starting early 2019, you can find significant changes or corrections to this printed proclamation online at [idfg.idaho.gov/rules](http://idfg.idaho.gov/rules)

# 2019 & 2020 MOOSE HUNTING SEASONS

MOOSE

## Antler Restrictions

- Only moose with at least one antler longer than six inches may be taken in any season open for antlered moose only.
- Only moose without antlers or with antlers less than six inches long may be taken in any season which is open for antlerless moose only.

## Mandatory Check and Report Requirements

All successful moose hunters must report their harvest within 10 days of the date of the kill and have a big game mortality report completed. Any hunter killing an antlered moose must present the antlers to a conservation officer or at an Idaho Fish and Game regional office and have a big game mortality report completed within 10 days of the date of the kill. Any hunter killing an antlerless moose can report by phone to a regional office and have a big game mortality report completed within 10 days of the date of kill. Fish and Game's headquarters office is not equipped to check in moose. In the Boise area, these animals can be checked at the Fish and Game regional office in Nampa (15950 N. Gate Blvd, 208-465-8465) weekdays between the hours of 8 a.m. and 5 p.m. or by appointment at the Garden City facility, 109 W. 44th St., 208-327-7095.

A hunter may authorize another person to comply with the above report requirements if that person possesses the

necessary information to accurately complete the necessary form, see page 32.

Unsuccessful hunters must present or mail their unused tags to a Fish and Game office within 10 days after the close of the season for which the tag was valid. Tags can be mailed to: Idaho Fish and Game, Attn: Wildlife Bureau, PO Box 25, Boise, ID 83707. Cancelled tags will be returned to the hunter upon request. Failure to report may result in future ineligibility in moose drawings.

**NOTE:** Moose tags unfilled after the first drawing are available to any Idaho hunter during a second drawing, see page 38. Hunters who have previously harvested a bull and/or a cow moose and are not eligible for the first drawing may apply for and receive one of these tags in the second drawing or as a leftover tag if tags are still available.

No person may harvest more than one antlered and one antlerless moose in Idaho during their lifetime, except Super Hunt tag winners and leftover tag holders may harvest moose regardless of any previous harvest of moose in Idaho.

**Drawing Odds:** To review drawing odds and more detailed information about number of applicants please visit our website at [idfg.idaho.gov/CHodds](http://idfg.idaho.gov/CHodds).

For details on controlled hunt rules and restrictions please see pages 37-39.

Hunters: Please check Moose Controlled Hunt Area descriptions on pages 14-15. Hunt Areas may change.

## REPORT WILDLIFE CRIME POACHING IS STEALING

Idaho is a member of the Wildlife Violator Compact, which means that if an individual's hunting, fishing or trapping license is revoked by any of the 44 member states; all the remaining states will revoke the same license or privilege for the same time period.

Anyone with information about a wildlife violation are encouraged to "Make the Call" and contact the Citizens Against Poaching (CAP) hotline at **1-800-632-5999**. Callers may remain anonymous, and they may be eligible for a reward.

## LEARN ABOUT LEAD

### Hunter Information:

- Lead can be toxic if ingested, and the toxicity level depends on the level and frequency of exposure.
- People can ingest lead particles from bullets or shot in hunter harvested game animals.
- Lead particles in game meat may be too small to detect by sight, feel or taste.
- Lead shot is banned in U.S. for waterfowl hunting, but is still used for other purposes.
- Wildlife can be poisoned from ingesting lead.

### Reduce Your Risk:

- Use non-lead, copper or other high-weight retention ammunition.
- Liberally trim around the wound channel.
- Discard meat that is bruised, discolored or contains hair or feathers, dirt, bone fragments, or plant material.
- Use caution when rinsing the carcass to avoid spreading lead fragments.
- Ground game meat has more lead fragments than steaks and chops.
- Ask commercial processors not to combine meat from other hunters with yours.
- Avoid cooking game meat with acidic substances like vinegar or wine.
- Practice good marksmanship.
- Practice clean field handling techniques.

# 2019 & 2020 BIGHORN SHEEP HUNTING SEASONS

## Mandatory Check and Report Requirements

Any hunter killing a bighorn sheep ram must present the horns and have a big game mortality report completed at an Idaho Fish and Game regional office within 10 days of the date of the kill. Fish and Game's headquarters office is not equipped to check in bighorn sheep. In the Boise area, these animals can be checked at the Fish and Game regional office in Nampa (15950 N. Gate Blvd, 208-465-8465) weekdays between the hours of 8 a.m. and 5 p.m. or by appointment at the Garden City facility, 109 W. 44th St., 208-327-7095.

A hunter may authorize another person to comply with the above report requirements if that person possesses the necessary information to accurately complete the necessary form, see page 32.

Unsuccessful hunters must present or mail their unused tags to a Fish and Game office within 10 days after the close of the season for which the tag was valid. Tags can be mailed to: Idaho Fish and Game, Attn: Wildlife Bureau, PO Box 25, Boise, ID 83707. Cancelled tags will be returned to the hunter upon request. Failure to report may result in future ineligibility in bighorn sheep drawings.

No person may harvest more than one Rocky Mountain and one California bighorn sheep in Idaho during their lifetime. Lottery and Auction tag winners are exempt from the once in a lifetime provision.

**Drawing Odds:** To review drawing odds and more detailed information about number of applicants please visit our website at [idfg.idaho.gov/CHodds](http://idfg.idaho.gov/CHodds).

For details on controlled hunt rules and restrictions please see pages 37-39.

Hunters: Please check Bighorn Sheep Controlled Hunt Area descriptions on page 23. Hunt Areas may change.

# CONTACT CAN KILL BIGHORNS

- You can help prevent deadly bighorn sheep pneumonia outbreaks. On average, about half of the affected bighorn population dies during an outbreak—sometimes it can be even worse.
- Following these all-age die-offs, low bighorn lamb survival can prevent the population from recovering for decades.
- Healthy domestic sheep and goats can carry the bacteria that cause pneumonia outbreaks in bighorn sheep.
- Idaho Fish and Game promotes separation of bighorn sheep and domestic sheep and goats to keep our wild bighorn sheep healthy.

Please help by reporting bighorn sheep that are near, or in contact with, domestic sheep and goats to the nearest Fish and Game regional office or 208-334-2920. For a directory, go to [idfg.idaho.gov/contact](http://idfg.idaho.gov/contact).

# 2019 & 2020 MOUNTAIN GOAT HUNTING SEASONS

## Mandatory Check and Report Requirements

Any hunter killing a mountain goat must present the horns and have a big game mortality report completed at an Idaho Fish and Game regional office or by a conservation officer within 10 days after the date of the kill. Fish and Game's headquarters office is not equipped to check in mountain goats. In the Boise area, these animals can be checked at the Fish and Game regional office in Nampa (15950 N. Gate Blvd, 208-465-8465) weekdays between the hours of 8 a.m. and 5 p.m. or by appointment at the Garden City facility, 109 W. 44th St., 208-327-7095.

A hunter may authorize another person to comply with the above report requirements if that person possesses the necessary information to accurately complete the necessary form, see page 32.

Unsuccessful hunters must present or mail their unused tags to a Fish and Game office within 10 days after the close of the season for which the tag was valid. Tags can be mailed to: Idaho Fish and Game, Attn: Wildlife Bureau, PO Box 25, Boise, ID 83707. Cancelled tags will be returned to the hunter upon request. Failure to report may result in future ineligibility in mountain goat drawings.

No person who has harvested a mountain goat in Idaho since 1977 may apply for a mountain goat tag in Idaho.

**Drawing Odds:** To review drawing odds and more detailed information about number of applicants please visit our website at [idfg.idaho.gov/CHodds](http://idfg.idaho.gov/CHodds).

For details on controlled hunt rules and restrictions please see pages 37-39.

**Hunters: Please check Mountain Goat Controlled Hunt Area descriptions on page 27. Hunt Areas may change.**

GOAT

Every year, 32 lucky hunters walk into the field with special Super Hunt tags in their pockets. These tags allow a hunter to pursue an elk, deer, pronghorn or moose in any open hunt in Idaho. This thrill is quadrupled for two Super Hunt Combo winners who are able to hunt all four species in any open hunt.

The unqualified freedom to pursue world-class big game in Idaho is an experience winners will long remember.

## HOW TO ENTER

**For as little as \$6 you have a chance to win an Idaho Super Hunt.**

- A single Super Hunt entry for a specific species costs \$6, and each additional entry for the same species is \$6.
- A single Super Hunt Combo entry costs \$20 and each additional entry costs \$20.

*No license is needed to enter and hunters can enter as many times as they like.*

**When you enter, be sure to:**

- Fill out the entry order form.
- Mark the species you hope to hunt and the number of entries you want.
- Add up the fees and make a check payable to Idaho Fish and Game.
- Send the order form along with the check to Idaho Fish and Game headquarters at:  
IDFG License Section, P.O. Box 25, Boise, ID 83707.

Idaho Fish and Game will enter your entry information and send you a printed receipt with your ticket numbers.

Tickets are also available from Fish and Game offices and license vendors, and over the phone at **1-800-554-8685** or at **idfg.idaho.gov/buy**. Internet and telephone transactions include additional processing fees.

## SUPER HUNT DRAWINGS

**There are two Super Hunt Drawings, one in June and another in August.**

- Entries for the first drawing must be received at Fish and Game headquarters no later than May 31. Winning entries will be drawn in June.
- Entries for the second drawing must be received no later than August 10. Winning entries will be drawn in August.

Please note, Super Hunt tags are in addition to any general and controlled hunt tags a hunter has applied for or may already hold. All other rules of individual hunts apply.

Visit Idaho Fish and Game's website **idfg.idaho.gov/superhunt** for more information and Super Hunt stories.

# GENERAL WILDLIFE LAWS

For complete laws and rules, see Idaho Administrative Procedures Act: [adminrules.idaho.gov/rules/current/13/index.html](http://adminrules.idaho.gov/rules/current/13/index.html)

All hunters must have a valid Idaho hunting license and the appropriate tags in their possession while hunting.

## Hunting Hours

Big game animals may be hunted only from one-half hour before sunrise to one-half hour after sunset.

## Definition of Hunting

Hunting means chasing, driving, flushing, attracting, pursuing, worrying, following or on the trail of, shooting at, stalking, or lying in wait for any wildlife whether or not such wildlife is then subsequently captured, killed, taken or wounded.

## Age Limit

Only properly licensed youths 10 or older may hunt big game. A youth may buy a license when 9 to apply for a controlled hunt, but he or she must be 10 at the time of their hunt.

## Bag and Possession Limits

A hunter may harvest only as many of a big game animal species as he or she has legal tags for in that year. Any animal harvested in a depredation hunt before a controlled hunt in the same unit for which the hunter holds a tag must be included under the limit and tagging rules of the controlled hunt tag. No person may take more than one animal per year during a controlled hunt season by using both a controlled hunt tag and a depredation tag.

## Mandatory Harvest Reporting Requirements

Moose, Bighorn Sheep and Mountain Goat Hunters: Hunters must present moose antlers or mountain goat horns at Idaho Fish and Game regional offices, official check point or to a conservation officer within 10 days of the kill. Bighorn sheep horns must be presented to an Idaho Fish and Game regional office where horns will be permanently marked with a metal pin.

## Waste of Game

Hunters are required to remove and care for the edible meat of big game animals, **except** black bears, mountain lions, and gray wolves. This includes the meat from hind quarters as far down as the hock, meat of the front quarters as far down as the knee and meat along the backbone which is the loin and tenderloin. It does not include meat of the head or neck, meat covering or between the ribs, internal organs, or meat on the bones after close trimming.

## Wounding and Retrieving

No person shall wound or kill any big game animal without making a reasonable effort to retrieve it and reduce it to possession. It is unlawful to enter private property without landowner permission to retrieve game.

## Electronic Calls

No electronic calls may be used to attract big game for the purpose of harvest, **except** such calls may be used to attract mountain

lions, black bears and gray wolves in seasons where approved by Commission proclamation.

## It is Unlawful To:

- Hunt or take any wildlife without a valid hunting license and without the required tag in possession.
- Party hunt, or help fill another person's tag.
- Shoot from or across the traveled portion, shoulders, or embankments of any road maintained by any government entity.
- Hunt big game or game birds from or by the use of any motorized vehicle, **except** for holders of a valid handicapped person's Motor Vehicle Hunting Permit when vehicle is stopped and off public roadways.
- Use any motorized vehicle to molest, stir up, rally or drive any game animal or game bird.
- Operate or use as an aid to hunting a motor vehicle in violation of area, trail, or road restrictions.
- To use aircraft, including unmanned aircraft, to locate game or furbearing animals and communicate location to persons on the ground, or to use any helicopter to transport hunters, gear or game **except** at established landing fields.
- Make use of any aircraft, including unmanned aircraft, to locate any big game animals for purpose of hunting those animals during the same calendar day those animals were located from the air.
- Fail to stop – with or without fish or wildlife – at any Fish and Game check station encountered, even if your hunting, fishing or trapping activity occurred outside the state of Idaho.
- Fail to produce wildlife for inspection upon request of a conservation officer or other person authorized to enforce Idaho Fish and Game rules.
- To hunt any animal or bird by aid of a spotlight, flashlight or artificial light of any kind; **except** unprotected or predatory animals on private land after obtaining written permission and on public lands after obtaining the required permit from an Idaho Fish and Game Regional office. It is lawful to hunt raccoons on public lands without a permit if such taking is not in violation of state, county, or city laws, ordinances, or regulations.
- Hunt big game with dogs, **except** for black bear and mountain lion. See current Big Game Seasons and Rules brochure for details. The use of one blood-trailing dog controlled by leash during lawful hunting hours and within 72 hours of hitting a big game animal is allowed to track wounded animals and aid in recovery. A hound hunter permit is not required.
- Transfer any license, tag, or permit or use another's license, tag, or permit.
- Acquire more controlled hunt tags per species than the bag limit for that species.
- Destroy or disturb traps, or remove any wildlife from traps belonging to others.

- Enter Idaho with livestock without a health certificate for transport and a brand inspection slip.
- Intentionally interfere with the lawful taking of wildlife or lawful predator control by another.
- To hunt any game animal/bird by means of baiting with the exception of applicable rules for the black bear baiting permit and gray wolf trapping (see current Big Game Seasons and Rules brochure for black bear and wolf baiting definitions/rules). Bait is defined as any substance including grain, salt in any form (liquid or solid), or any other substance placed to attract game animals/birds, **except** synthetic liquid scent for deer and elk.
- Take big game with the aid of radio telemetry; use of telemetry equipment with hounds or other sporting dogs is allowed.
- To possess or transport game or parts (including processed meat) taken by another person without having a proxy statement, see page 32.
- Import a carcass or any part of a wild deer, elk or moose from another state, province in Canada or any other country with a documented case of chronic wasting disease. For more information, including exceptions, see [idfg.idaho.gov/cwd/laws](http://idfg.idaho.gov/cwd/laws).

### Areas Closed to Big Game Hunting

- All state parks, **except** Farragut State Park, Farragut Wildlife Management Area, Billingsley Creek Unit of Thousand Springs State Park, Castle Rock State Park, and the City of Rocks National Reserve are open to hunting.
- Part of the Craters of the Moon National Monument and preserve is closed to hunting. For information visit: [www.nps.gov/crmo/planyourvisit/upload/CRMO-Hunting.pdf](http://www.nps.gov/crmo/planyourvisit/upload/CRMO-Hunting.pdf).
- Nez Perce National Historical Park in Clearwater, Idaho, and Nez Perce counties.
- Harriman State Park Wildlife Refuge.
- That portion of Ada County between State Highway 21, Warm Springs Avenue, and the Boise City limits.
- Yellowstone National Park in Fremont County.
- Any of those portions of state wildlife preserves (Myrtle Creek, David Thompson, and Lewiston), state wildlife management areas, Springfield state bird preserve, bird refuges, and bird sanctuaries that have been closed to hunting by legislative or commission action.
- All or portions of national wildlife refuges, **except** as specified in federal regulations for individual refuges.
- All Snake River islands between Glens Ferry bridge and Sailor Creek bridge in Elmore County.
- Hagerman Fossil Beds National Monument in Twin Falls County, **except** that portion within an area 50 feet above the high water level of the Snake River. The upslope area is marked by yellow fiberglass markers, and hunting is permitted downslope to the river.
- Mountain lions and gray wolves may not be hunted or pursued within one-half mile of any active Idaho Fish and Game big game feeding site.

- Black bears and gray wolves may not be hunted or pursued within 200 yards of the perimeter of any designated dump ground or landfill.

### Trespass Law

Idaho's trespass law changes July 1, 2018. Persons are now required to have written permission or other lawful permission to enter private property. The law specifies:

No person shall enter or remain on private land to shoot any weapon or hunt, fish, trap or retrieve game without written permission or other lawful permission. (See page 2 for lawful permission form.)

A person should know land is private and they are not allowed without permission because:

- The property is associated with a residence or business;
- **OR** cultivated;
- **OR** fenced or enclosed in a way that delineates the private property;
- **OR** unfenced and uncultivated but is posted with conspicuous "no trespassing" signs or bright orange/fluorescent paint at all property corners and boundaries where the property intersects navigable streams, roads, gates and rights-of-way entering the land and posted in a way that people can see the postings.

**Note** – if private property adjoins or is contained within public lands, the fence line adjacent to public land should be posted with "no trespassing signs" or bright orange/fluorescent paint at the corners of the fence adjoining public land and at all navigable streams, roads, gates and rights-of-way entering the private land from public land and posted in a way that people can see the postings.

It is illegal for anyone to post public land that is not held under an exclusive control lease.

Private posting at navigable streams shall not prohibit access to navigable streams below the high-water mark as allowed by Idaho law.

A property owner may revoke permission at any time. Any person must leave private property when asked to do so by the owner or agent.

A first conviction of trespass on private property carries a mandatory one-year revocation of hunting/fishing/trapping licenses in addition to misdemeanor fine and seizure of animals taken on private property.

Federal law prohibits unauthorized trespass on Indian-owned reservation lands for hunting, fishing, or trapping purposes.

Refer to Idaho Code 36-1603 and I.C. 18-7008.

[idfg.idaho.gov/title36/16/03](http://idfg.idaho.gov/title36/16/03)

### Bag and Possession Limits

**Moose:** No person may harvest more than one antlered and one antlerless moose in Idaho during their lifetime, **except** Super Hunt tag winners and left-over tag holders may harvest moose regardless of any previous harvest of moose in Idaho.

**Bighorn Sheep:** No person may harvest more than one Rocky Mountain and one California bighorn sheep in Idaho during their lifetime. Lottery and Auction tag winners are exempt from the once in a lifetime provision.

**Mountain Goat:** No person who has harvested a mountain goat in Idaho since 1977 may apply for a mountain goat tag in Idaho.

### **Possession and Sale of Wildlife Parts**

Lawfully harvested wildlife parts – **except** edible meat from game animals – may be purchased, bartered or sold when accompanied by a written statement showing said wildlife was lawfully harvested. If black bear, mountain lion or gray wolf parts – excluding tanned or finished rugs or mounts – are sold or bartered, a signed written statement showing the taker’s name, address, license and tag numbers, date and the location of kill must be provided to the buyer. Buyers must submit completed transaction statements to Idaho Fish and Game within 10 days of sale.

Wildlife parts legally harvested outside of Idaho may be possessed and sold in Idaho if such sale is not prohibited in Idaho or the state, province or country where harvested, or by federal law.

It is unlawful to possess any wildlife or parts that were killed, taken or obtained unlawfully.

### **Possession and Sale of Wildlife Found Dead**

Protected species of wildlife that have died of natural causes are considered property of the state and may not be possessed.

However, big game animal parts, such as hides, horns – **except** horns from bighorn sheep – bones, antlers and teeth, of deer, elk, moose, pronghorn, mountain goat, black bear, mountain lion and gray wolves that have died of natural causes, including legally salvaged road kill, may be recovered, possessed, purchased, bartered, sold or transferred. If sold, black bear and mountain lion parts must be accompanied by documentation on how they were obtained.

Legally salvaged road kill may not be used as bait for hunting or trapping, **except** it may be used as bait for trapping gray wolves statewide. For more information and to complete the required form to legally-salvage road kill please visit our website at [idfg.idaho.gov/species/roadkill](http://idfg.idaho.gov/species/roadkill) or call a Fish and Game office.

Edible meat from game animals taken from the wild may not be purchased, bartered or sold.

### **Recovery, Possession & Sale of Bighorn Sheep Horns**

Horns from bighorn sheep that have died of natural causes may be recovered and possessed. All bighorn sheep horns must be presented to Fish and Game for marking with a permanent pin within 30 days of recovery. It is unlawful to sell, barter or purchase bighorn sheep horns obtained under these circumstances, or to transfer ownership of recovered bighorn sheep horns without a permit from Fish and Game.

### **Furbearers**

Bobcats, badgers and red foxes are classified as furbearers and may be hunted or trapped only during the furbearer season. No open season exists for lynx, wolverines or fishers. See current Upland Game, Furbearer & Turkey Seasons and Rules.

### **Predatory and Unprotected Wildlife**

Coyotes, skunks, weasels, jackrabbits, raccoons and starlings are classified by Idaho law as predatory. Eurasian collared-doves,

English sparrows and feral pigeons are unprotected. Predatory and unprotected wildlife may be taken in any number year-round and at any time by holders of the appropriate valid Idaho hunting or trapping licenses, provided such taking is not in violation of state, county or city laws, ordinances, rules or regulations.

### **Closed Seasons**

There are no open seasons for caribou, bison (buffalo), grizzly bear or lynx. With the exception of bison, these are threatened or endangered species and are protected by state and federal laws. Please report any suspected sightings of lynx to the U.S. Fish and Wildlife Service in Boise at 208-378-5243.

### **Protected Nongame and Threatened or Endangered Species**

No person shall take or possess wildlife species classified as Protected Nongame or Threatened or Endangered at any time or in any manner, **except** as provided in Sections 36-106(e)5 and 36-1107, Idaho Code, by Commission Regulation, or IDAPA 13.01.10.100.06b.

### **Livestock Health Certificate Requirement**

Anyone bringing livestock or hunting dogs into the state should call the Idaho Department of Agriculture, 208-332-8540, for health certificate requirements.

### **Weed-Free Hay Requirement**

On Bureau of Land Management public lands, national forest lands or Idaho Fish and Game wildlife management areas, anyone using pack animals or straw in their camp must only use weed-free certified hay, forage or straw to prevent the spread of noxious weeds. To obtain an up-to-date list of local growers and vendors with noxious weed-free certified forage for sale, call the Department of Agriculture at 208-332-8592, or check for more information at: [invasivespecies.idaho.gov/weed-free-forage](http://invasivespecies.idaho.gov/weed-free-forage)

### **Prescribed Burning**

Prescribed burning uses fire to restore forests and rangelands and improve conditions for wildlife. Prescribed fire may be planned in your hunting unit. Stay informed by contacting your local land management agencies.

### **Wildlife Violator Compact**

Many states including Idaho have entered into a “Wildlife Violator Compact.” If your hunting, fishing, or trapping license is revoked by any of the member states, all the remaining states will revoke the same license or privilege for the same time period. In addition, any nonresident who does not satisfy the requirements of an Idaho citation will have his or her hunting and fishing license revoked in their home state until those requirements are satisfied. For information on the Compact and a list of member states, go to [idfg.idaho.gov/enforcement](http://idfg.idaho.gov/enforcement).

### **Boundary Waters Reciprocal Agreement**

The Oregon-Idaho boundary water reciprocal agreement recognizes the legal right to fish, hunt or trap in the waters or on the islands of the Snake River where said river forms the boundary line between the state of Oregon and the state of Idaho by the holder of either a valid Oregon or Idaho license in accordance with the laws and rules of the respective state.

# TAGGING AND TRANSPORTING GAME

## How to Properly Validate a Big Game Tag

Hunters must completely remove two notches indicating month and day of kill. - - - - -

**Note:** Immediately after the kill, the triangles denoting the month and day must be cleanly and completely removed. Tearing, slicing or punching the tag is not legal.

## Proper Tagging and Transportation of Animals and Meat

Immediately after any moose, bighorn sheep or mountain goat has been killed, the hunter harvesting the animal must comply with the following regulations regarding the proper tagging, transportation and shipment of a carcass:

The appropriate big game tag must be validated and securely attached to the animal **immediately after the kill**. The validated tag must remain attached to the **largest portion of edible meat to be retained** until the meat is processed and reaches the final place of storage for personal consumption.

### Proper Location of Tag

Attach to the largest portion of the edible meat to be retained.

Any license, tag or permit that is defaced or altered is invalid from the date and time of issue. It is unlawful to use or attempt to use any license that has been defaced or altered.

## Transportation Issues

Any person who transports any wildlife for another person or receives any wildlife for cleaning, processing, as a gift, or for storage must have a written proxy statement signed by the person who killed the animal specifying the numbers and kinds of wildlife; date taken; hunter's name and address; and license, tag and permit numbers. The proxy form is provided below for convenience.

### Preserving Evidence of Sex

**Moose:** The antlers of a bull moose must be carried out with the head. The entire head of an antlerless male moose (with antlers less than 6 inches long) killed during an antlerless-only season may be left naturally attached to the whole carcass or to a front quarter until the carcass reaches the final place of storage or consumption. If the head is removed, the sex organs must remain naturally attached to the carcass until it reaches the final place of storage or personal consumption. Plus, the antlers must accompany the carcass while in transit.

**Bighorn Sheep:** Any hunter taking a bighorn sheep ram must leave that portion of the skull plate containing the upper one half of the eye socket naturally attached to both of the horns until after the horns have been pinned by Fish and Game.

**Mountain Goat:** Hunters must pack out the head and horns. If the head is removed from the carcass, a portion of the sex organs must remain naturally attached to the carcass until it reaches the final place of storage or consumption.

# WEAPON RESTRICTIONS

## Rifle, Shotgun and Airgun

In any hunt, including any-weapon seasons, it is unlawful to pursue or kill big game animals:

- By any means other than approved firearms, muzzleloaders, archery methods and airguns.
- With any electronic device attached to, or incorporated on, the firearm or scope; **except** scopes containing battery powered or tritium lighted reticles are allowed.
- With any firearm that, in combination with a scope, sling and/or any attachments, weighs more than 16 pounds.
- With any fully automatic firearm.
- With any shotgun using shot smaller than #00 buck.
- With any rimfire rifle, rimfire handgun, or muzzleloading handgun, **except** for mountain lions, or legally-trapped gray wolves.

## Short-Range Weapons

In big game seasons restricted to short-range weapons, it is unlawful for hunters to use any weapon other than a muzzleloader, archery equipment, crossbow, or a shotgun using slugs or shot of size #00 buck or larger, or handgun using straight-walled cartridges not originally developed for rifles.

## Muzzleloader Caliber Requirements

In any hunt, including general any weapon seasons and short-range hunts, it is unlawful to pursue or kill big game animals: With any muzzleloading rifle or musket that is less than .45 caliber for deer, pronghorn, mountain lion or gray wolf; or is less than .50 caliber for elk, moose, bighorn sheep, mountain goat or black bear.

## Muzzleloader Only Season

Any person hunting in a muzzleloader only season, including controlled hunts, must have in their possession a license with a muzzleloader permit validation. During a muzzleloader only season, it is illegal to pursue or kill a big game animal with any firearm, muzzleloading pistol, or weapon other than a muzzleloading rifle or musket. In addition, the muzzleloading rifle or musket must be:

- Capable of being loaded only from the muzzle.
- Equipped with only open or peep sights. Scopes and any electronics are prohibited, **except** hunters with a visual disability may apply for a permit to use nonmagnifying scopes. (Applications are available at Fish and Game offices.)
- Loaded only with loose black powder, loose Pyrodex, or other loose synthetic black powder. Pelletized powders are prohibited.
- Equipped with a single or double-barrel.
- Loaded with a projectile that is within .010 inch of the bore diameter. Sabots are prohibited.
- Loaded with a patched round ball or conical non-jacketed projectile comprised wholly of lead or lead alloy.
- Equipped only with a flint, percussion cap or musket cap. 209 primers are prohibited.
- Equipped with an ignition system, in which any portion of the cap is exposed or visible when the weapon is cocked and ready to fire. For additional information about muzzleloader equipment visit our website at <https://idfg.idaho.gov/hunt/weapons>

## Archery Equipment

In any hunt, including general any weapon seasons and short-range hunts, it is unlawful to pursue or kill big game animals:

- With arrows or bolts having broadheads measuring less than 7/8 inch in width and having a primary cutting edge less than 0.015 inch thick.
- With any bow having a peak draw weight of less than 40 pounds up to or at a draw of 28 inches, or any crossbow having a peak draw weight of less than one hundred-fifty (150) pounds.
- With an arrow or bolt wherein the broadhead does not precede shaft and nock.
- With any chemicals or explosives attached to the arrow or bolt.
- With arrows or bolts having expanding broadheads.
- With arrows or bolts having barbed broadheads, which is a broadhead with any portion of which forms an angle less than 90 degrees with the shaft or ferrule.
- With any electronic or tritium-powered device attached to an arrow, bolt or bow, **except** disabled archery permit holders may use a nonmagnifying sight with battery powered or tritium lighted reticles.
- With any bow capable of shooting more than one arrow at a time.
- With any compound bow set at more than 85 percent let-off.
- With an arrow or bolt, and broadhead with a combined total weight of less than 300 grains.
- With an arrow less than 24 inches from broadhead to nock inclusive.
- With a bolt (crossbow) less than 12 inches from broadhead to nock inclusive.

## Archery Only Season

Any person hunting in an archery only season, including controlled hunts, must have in their possession their license with archery permit validation. During an archery only season, it is illegal for hunters to use any firearm, crossbow, or implement other than a longbow, compound bow or recurve bow in compliance with general archery equipment requirements, or:

- Any bow equipped with magnifying sights.
- Any device that holds a bow at partial or full draw, **except** hunters possessing a disabled archery permit may use a device that holds a bow at partial or full draw. (Applications for the use of devices holding a bow at partial or full draw by disabled hunters are available at Fish and Game offices.)
- Any crossbow, **except** disabled hunters possessing a permit may use a crossbow. (Applications for the use of crossbows by disabled hunters are available at Fish and Game offices.)

## Airguns

Any airgun used for big game must use pre-charged, pneumatic power to propel a projectile (excluding shot and arrows) with unignited compressed air or gas and bullets at least thirty-five (0.35) caliber for deer, pronghorn antelope, mountain lion, or gray wolf, and at least forty-five (0.45) caliber for elk, moose, bighorn sheep, mountain goat, or black bear.

Fish and Game recommends that airguns used to hunt big game animals be capable of producing at least 350 foot pounds of energy at the muzzle of the barrel.

# ROADS, TRAILS, MOTOR VEHICLES AND WILDLIFE

## What You Need to Know

Motor vehicles, from pickups and SUVs to motorcycles and ATVs, have changed hunting and some of those changes have created challenges for hunters, land managers and wildlife.

Consider the following:

- Roads that are open to motor vehicles increase access into big game habitat, and, as a result, the number of hunters increases. Generally, the number of hunters in an area is directly related to the number of roads.
- The combination of more hunters and their increased mobility in roaded areas increases the vulnerability of deer and elk to harvest. Deer and elk in a heavily roaded area are more likely to be killed during the hunting season, and for that reason these areas have fewer old bulls or bucks. It also means that hunting seasons have to be shorter to prevent over harvest.
- Research shows that slow moving vehicles on primitive roads and trails are more disturbing to elk than fast moving vehicles on highways. Slow moving vehicles traveling cross-country have the same effect. Deer and elk often flee from the sound of motor vehicles and may leave the area.
- Cross-country travel with motor vehicles can create a network of new travel ways that cause erosion, spread noxious weeds, and damage fish and wildlife habitats. Much of this cross-country travel occurs during the hunting season. To reduce these impacts, Idaho's land and wildlife managers ask all hunters using motorized vehicles to stay on roads and trails and use designated routes where they are established. Do not travel cross-country with a motor vehicle.

## Look for Designated Routes on Public Lands

The U.S. Forest Service and Bureau of Land Management have already established designated routes in several areas of Idaho.

Please pay attention to the travel system in the areas you hunt.

For more information about travel management on Idaho's Federal lands, contact these offices or websites:

- U.S. Forest Service 208-373-4007 website: [www.fs.fed.us](http://www.fs.fed.us)
- Bureau of Land Management 208-373-4007 website: [www.id.blm.gov](http://www.id.blm.gov)
- Idaho Department of Parks and Recreation online mapping application: <http://trails.idaho.gov>

Access management helps wildlife and hunters. Please observe established road closures and access restrictions. Report road closure violations by calling 1-800-632-5999, or any Idaho Fish and Game, BLM or U.S. Forest Service office.

## Motor Vehicle Use

Wisely managing roads, trails and motor vehicles will:

- Yield more old bucks and bulls.
- Permit more hunting opportunity.

- Allow longer seasons.
- Decrease erosion.
- Reduce conflicts.
- Reduce damage to habitat and the spread of noxious weeds.

Best of all, it will make hunting better.

## Remember!

- Observe road closures and access restrictions.
- Say no to cross-country travel.
- Stay on roads and trails open to motorized travel.
- Use designated routes where they're established.
- Follow Idaho's *Motorized Hunting Rule*.

## Motorized Hunting Rule

To resolve many hunters' concerns about off-road travel, the Fish and Game Commission adopted restrictions on motor vehicle use while hunting big game animals, including moose, bighorn sheep and mountain goats in designated units. The rule only applies from August 30 through December 31. The rule no longer applies to hunting of upland game birds or upland game animals.

## Motorized Hunting Restrictions

The use of motorized vehicles by hunters as an aid to hunting big game animals is restricted in certain areas. This use restriction is in addition to all federal, state and local laws, rules, regulations, ordinances and orders; including, but not limited to, any motorized vehicle licensing, registration, and permitting requirements and traffic laws. Hunters must comply with all motorized vehicle limits or prohibitions instituted by the landowner or land manager. Also, this use restriction rule is not an exception from, and is in addition to, the statutory prohibition against hunting from or by the use of any motorized vehicle set forth in Idaho Code Section 36-1101(b)(1).

**Use Restriction.** In designated units from August 30 through December 31, big game hunters may use motorized vehicles only on established roadways which are open to motorized traffic and capable of being traveled by full-sized automobiles.

**Exceptions.** This use restriction rule shall not apply to the following permissible motorized vehicle uses by hunters off of an established roadway:

- a. Holders of a valid Handicapped Person's Motor Vehicle Hunting Permit may use a motorized vehicle as allowed by the land owner or manager.
- b. Hunters may use a motorized vehicle to retrieve downed game if such travel is allowed by the land owner or manager.
- c. Hunters may use a motorized vehicle to pack camping equipment in or out if such travel is allowed by the land owner or manager, but hunters may not hunt while packing camping equipment.

- d. Private landowners, their authorized agents and persons with written landowner permission may use a motorized vehicle on their private land, but they may not hunt from or by the use of any motorized vehicle.

*in wait for, any wildlife whether or not such wildlife is then or subsequently captured, killed, taken, or wounded. Such term does not include stalking, attracting, searching for, or lying in wait for, any wildlife by an unarmed person solely for the purpose of watching wildlife or taking pictures thereof.*

### Restricted Units

The motorized hunting use restrictions applies to units 29, 30, 30A, 32, 32A, 36A, 37, 37A, 45, 47, 49, 50, 51, 52, 52A, 53, 56, 58, 59, 59A, 66, 66A, 69, 70, 72, 73, 75, 76, 77, and 78.

### Defined Terms

- a. A full-sized automobile is any motorized vehicle with a gross weight in excess of 1,500 pounds.
- b. An established roadway is defined as any road that is established, built, maintained, approved or designated by any government entity or private landowner for the purpose of travel by full-sized automobiles. An established roadway shows evidence of repeated use by full-sized automobiles, and may include a traveled way of natural earth with depressed wheel tracks and little or no vegetation in the tracks.
- c. A hunter is a person engaged in the activity of hunting as defined in Idaho Code Section 36-202(j). *“Hunting” means chasing, driving, flushing, attracting, pursuing, worrying, following after or on the trail of, shooting at, stalking, or lying*

### Owyhee Wilderness

The Omnibus Public Lands Management Act of 2009 designated 517,000 acres of public lands in Owyhee County in southwestern Idaho as Wilderness. Please be aware of the wilderness boundaries and regulations. For more information see: [www.blm.gov/idaho](http://www.blm.gov/idaho).

### Highway rights-of-way

The entire width between the boundary lines of every highway publicly maintained when any part is open to the use of the public for vehicular travel, with jurisdiction extending to the adjacent property line, including sidewalks, shoulders, berms and rights-of-way not intended for motorized traffic. No person shall shoot from a public highway or discharge any firearm from or across a public highway.

### Special Vehicle Restrictions

State and federal agencies and private landowners have established road closures in key big game areas to protect deer and elk populations. Please check with regional Fish and Game, U.S. Forest Service, or Bureau of Land Management offices for information regarding vehicle restrictions on roads, trails, and unroaded areas.

# KNOW BEFORE YOU GO: MOTORIZED HUNTING RULE

## What changes were made to the Motorized Vehicle Use Rule?

- The name changed to Motorized Hunting Rule to make it clear that this rule applies to hunters using motorized vehicles as an aid to hunting. The rule is now specific only to hunting of big game animals, including moose, bighorn sheep and mountain goat, in designated units, and only applies from August 30 through December 31.
- Between these dates and in the designated units, specific to all big game hunting, hunters may use motorized vehicles only on established roadways that are open to motorized traffic and capable of being traveled by full-sized automobiles.
- The rule no longer applies to hunting of upland game birds or upland game animals.

## What is an “established roadway?”

- An established roadway is any road that is established, built, maintained, approved or designated by any governmental entity or private landowner for the purpose of travel by full-sized automobiles. An established roadway shows evidence of repeated use by full-sized automobiles, and may include a traveled way of natural earth with depressed wheel tracks and little or no vegetation in the wheel tracks.

## Where can I find out which are established roads open to use by full-sized vehicles and which are trails on national forest or BLM land?

- For questions about the status of a road or trail in the area you plan to hunt, please contact the appropriate land management agency. National Forest Motor Vehicle Use Maps and BLM Travel Maps list road, trail and other allowable uses. Idaho Department of Parks and Recreation’s Statewide Online Map, available at <http://www.trails.idaho.gov/>, also lists what type of motorized use is allowed on Forest Service and BLM lands statewide, as well as local land management agency contact information.

## Does the new rule apply to all hunting statewide?

- No. The rule now applies only to hunting of big game animals, including moose, bighorn sheep and mountain goat, in designated units from August 30 through December 31. The rule does not apply to upland game animals or birds in hunts within designated units.

## As a hunter, can I use a motorized vehicle on USFS or BLM designated trails in Big Game Units covered by the motorized hunting rule?

- Only if the use is permissible in the exceptions in the motorized hunting rule. For example, if motorized travel is allowed by the USFS or BLM, you may use a motorized vehicle to retrieve downed game or pack in or out your camping equipment. However, you may not hunt while packing camping equipment. It’s important that you know what specific type of motorized use is allowed for the area you are hunting.
- Hunt Units with Motorized Hunting Rule: See map below.

## What can I do to stay out of trouble or to avoid conflicts with other hunters?

- When in doubt, stay on the road. Know and follow the vehicle use restrictions for the area you are hunting, have applicable maps, and review tips on the Stay on Trails website at [stayontrails.com](http://stayontrails.com)

**Hunt Units with Motorized Hunting Rule**  
Dates: August 30 - December 31

Applies **ONLY** to hunting big game animals, including moose, bighorn sheep and mountain goat. Affected units are listed below and are displayed in orange on the map.

Units: 29, 30, 30A, 32, 32A, 36A, 37, 37A, 45, 47, 49, 50, 51, 52, 52A, 53, 56, 58, 59, 59A, 66, 66A, 69, 70, 72, 73, 75, 76, 77, 78

## What is a Controlled Hunt?

Controlled hunt is a term used to describe a hunt with a limited number of tags, unlike a general season, which allows unlimited numbers of hunters. Controlled hunts are often desirable because of location and timing, and success rates are usually higher than general season hunts. Controlled hunt tags are allocated by a random drawing.

## Key Application Dates

- Moose, bighorn sheep, and mountain goat: **April 1-30**.
- Successful applicants will be notified by **June 10**.
- Second drawing application period: **June 15-25**.
- Second drawing **June 30**.

**To apply**, see instructions on pages 38 - 39. Controlled hunt applications may be submitted at any hunting and fishing license vendor, Fish and Game office, by telephone at 1-800-554-8685, or online at [idfg.idaho.gov](http://idfg.idaho.gov). (Rules for deer, elk, pronghorn and black bear controlled hunts are different and covered in their own brochure and website section).

**Notice: A person may apply for only one species. Any person applying for any moose, bighorn sheep, or mountain goat hunt is prohibited from applying for any other big game controlled hunt in the same year. Except: They may apply for a controlled depredation hunt for deer, elk, or pronghorn, a controlled black bear hunt, or leftover deer, elk or pronghorn controlled hunt tag, an unlimited controlled hunt, or extra deer, elk, pronghorn, or turkey hunt.**

## Eligibility

Any person possessing a valid Idaho hunting license is eligible to apply for controlled hunts subject to the following restrictions:

- Holders of a Nongame Hunting License or Hunting Passport may not apply for any controlled hunt.
- Any person may apply for one tag for antlered moose or one tag for antlerless moose.
- Any person whose name was drawn on a controlled hunt for moose may not apply for any controlled moose tag **except** leftover tags for a period of two years.
- Any person who has harvested an antlered moose in Idaho may not apply for any moose tag **except** an antlerless moose tag or an antlered moose tag in the second drawing. Any person who has harvested an antlerless moose in Idaho may not apply for any moose tag **except** an antlered moose tag or an antlerless moose tag in the second drawing.
- Any person may apply for an unclaimed or a leftover moose, bighorn sheep, or mountain goat tag.
- Any person whose name was drawn for any controlled hunt for either subspecies of bighorn sheep may not apply for any bighorn sheep tag for two years.

- Any person who has killed a California bighorn ram or Rocky Mountain bighorn ram, on any controlled hunt in Idaho may not apply for a tag for the same species, **except** any person who has killed a California bighorn ram south of Interstate Highway 84 since 1974 and is otherwise eligible, may apply for a Rocky Mountain bighorn ram tag for any hunt north of Interstate Highway 84. Any person, who has killed a Rocky Mountain bighorn ram north of Interstate Highway 84 since 1974 and is otherwise eligible, may apply for a California bighorn ram tag for any hunt south of Interstate Highway 84.
- No person applying for a Rocky Mountain bighorn sheep controlled hunt as a first choice shall apply for a California bighorn sheep controlled hunt as a second choice, or vice versa. No person shall apply for both a Rocky Mountain and a California bighorn sheep hunt the same year.
- Any person may apply for a Special Auction or Special Lottery tag for bighorn sheep.
- Any person may apply for a Super Hunt tag for moose.
- Any person who has killed a mountain goat in Idaho since 1977 may not apply for a mountain goat tag.
- Any person whose name was drawn for a controlled hunt for mountain goat and who failed to harvest may not apply for any mountain goat tag for two years.

**Tag Transfer to Youth:** A new rule for 2019 excludes moose, bighorn sheep, mountain goat controlled hunt tags from designation by any parent or grandparent to their minor child or grandchild. The change is an attempt to ensure that drawing odds for these once in a lifetime species are not further decreased by multiple parents and grandparents submitting controlled hunt applications to draw on behalf of a child or grandchild.

## Tags

No person may hunt in any controlled hunt without a valid controlled hunt tag in their possession. In the event a tag is issued based on erroneous information the tag will be invalidated by Idaho Fish and Game and may not be used. Fish and Game will notify the tag holder of the invalidation of the tag. The person will remain on the drawn list, and if there is a waiting period in a succeeding year, the person will be required to wait the specified time period.

## Nonresident Limitations

Nonresident hunters are limited to no more than 10 percent of the total number of controlled hunt tags for each species. (Special bighorn sheep tags available by auction and lottery are not included in the 10 percent limitation.) In controlled hunts with 10 or fewer tags, not more than one nonresident tag may be issued.

## Requirements

Only one application per person or group will be accepted for the same species. Additional applications for the same person or group for the same species will result in all applications being declared ineligible.

- Applications for moose, bighorn sheep and mountain goat controlled hunts may be made at any license vendor, IDFG regional or Headquarters office, on-line or by phone at 800-554-8685. The application period begins April 1.
- Any person may apply for a moose Super Hunt tag.

## Fees

**Resident controlled hunt fees** for moose, bighorn sheep, or mountain goat tag, and application fee: \$183.50 (Price Lock), \$216.50 (No Price Lock).

**Nonresident controlled hunt fees** for moose, bighorn sheep, or mountain goat tag, and application fee: \$2,143.50.

These fees include a nonrefundable application fee of \$16.75 for residents and \$41.75 for nonresidents. These fees have increased from 2017. \$1 of this fee may be designated to the Citizens Against Poaching program.

## Controlled Hunt Application Instructions

**To Complete the Application Worksheet:** Enter the complete four digit hunt number of your first and second (optional) choice. Controlled hunt numbers are found in the left hand column of the controlled hunt tables. The hunt numbers are subject to change each year so be sure to use this 2019 and 2020 Moose, Bighorn Sheep and Mountain Goat Seasons and Rules brochure or check the Fish & Game website when applying for any moose, sheep or goat controlled hunt in 2019 or 2020.

Enter the complete 11-digit hunting license number for each person on the application.

**Group Application** is defined as a group of hunters applying for the same controlled hunt on the same form. All hunters applying together must comply with all rules and complete the application form properly. All must abide by the same first and second choice hunts. If one applicant is ineligible to draw, the entire application will be declared void and will not be entered in the drawing.

Two hunters may apply on the same application for turkey, black bear, moose, sheep, or goat. Up to four hunters may apply on the same application for deer, elk, or pronghorn.

Single or group applications which are not drawn for the first choice hunt will automatically be entered into a second choice drawing, provided the second choice hunt applied for has not been filled.

**Telephone Applications:** Applications for controlled hunts for moose, bighorn sheep, or mountain goat can be placed over the phone by calling 1-800-55HUNT 5 (554-8685). Fees must be paid by either Visa or MasterCard. Telephone applications are processed by an independent contractor. The charge for processing telephone applications is 3 percent of the transaction plus \$5.50. These charges will be explained by operators before

the transaction is completed. This fee is in addition to the \$16.75 resident and \$41.75 nonresident (per person, per species) nonrefundable application fee and the tag fee.

Applications may be processed over the telephone 5 a.m. through midnight Mountain Time, seven days a week, April 1 through midnight **Mountain Time** April 30.

**Internet Applications:** Applications may be made on the Fish and Game website at [idfg.idaho.gov/buy-online](http://idfg.idaho.gov/buy-online). Internet charge is 3 percent of the transaction plus \$3.50. This fee is in addition to the \$16.75 resident and \$41.75 nonresident (per person, per species) nonrefundable application fee and the tag fee.

Applications will be taken electronically at all Fish and Game license vendor locations, beginning April 1, through midnight **Mountain Time** April 30, or the vendor's normal closing time.

## Notification

Drawing results will be posted on the Fish and Game Website in early June. Look up results at [idfg.huntfishidaho.net](http://idfg.huntfishidaho.net). Customer will need to login to their account or create an account.

**Drawing results: It is the responsibility of the hunter to find out whether he or she was successful in drawing a controlled hunt.**

All applicants who applied will receive a tag or a refund of the tag fees. Applications submitted on-line or via the 800 number will receive a credit on the card used to submit the controlled hunt application. All other applicants will receive a refund check by **July 1**. If you do not receive one of these by July 1, please call Fish and Game at 208-334-3700, or write to P.O. Box 25, Boise, ID 83707.

## Leftover Controlled Hunts

Any tags leftover after the first drawing will be offered in a second drawing. Nonresident quotas and waiting period restrictions do not apply in the second drawing.

The application period for the second moose, bighorn sheep and mountain goat drawing will be June 15-25, with the drawing around June 30. Remember, application and tag fees must be paid at the time of application. You may apply in the second drawing even if you have previously harvested a moose, bighorn sheep or mountain goat in Idaho.

Leftover controlled hunt tags from the second drawing for moose, bighorn sheep and mountain goat go on sale July 10. You may purchase leftover tags even if you have previously harvested a moose, bighorn sheep or mountain goat in Idaho. Nonresident quotas and waiting period restrictions do not apply to leftover tags.

## Controlled Hunt Application Fees

### Resident Controlled Hunt Fees\*

**\$183.50 (Price Lock) | \$216.50 (No Price Lock)**

*\*Fee includes nonrefundable \$16.75 controlled hunt application fee. Application fees are not included in Price Lock.*

# Licenses, Tags and Permits

## To Buy a License, Tag or Permit

- Visit an Idaho Fish and Game office or license vendor.
- By credit card, within the United States call 1-800-554-8685. Outside the U.S., or by internet.
- From your computer or mobile device, go to [idfg.idaho.gov/buy](http://idfg.idaho.gov/buy)
- Commercial licenses, duplicate tags, documents that require proof of disability, lifetime certificates, and bear baiting permits may be purchased only at Fish and Game offices.

When buying licenses by telephone, the buyer will be assigned a confirmation number that may be used in lieu of the actual license for 14 days from the date of issue. When this number is used, the person must carry their driver's license or identification card. A confirmation number may not be used in lieu of a tag or permit such as salmon/steelhead or WMA permits. Purchasers must wait until tags or permits arrive in the mail.

***Licenses purchased online must be printed from the buyer's computer; they will not be mailed.*** A confirmation number may not be used in lieu of a tag or salmon/steelhead permit. Purchasers must wait until tags or permits arrive in the mail.

The charge for phone-in purchases is three percent of the transaction plus \$5.50; the charge for online purchases is three percent of the transaction plus \$3.50.

Any license, tag or permit that is defaced or altered is invalid from the date and time of issue. It is unlawful to use or attempt to use any license that has been defaced or altered.

**Nonresidents:** If you hunt with an outfitter in Idaho, the outfitter should buy your tags through the "outfitter set-aside" pool of tags.

**Sale Dates:** Most licenses and tags go on sale December 1, but resident deer, and elk tags are not available until after the controlled hunt drawings are done. Most licenses are valid only for the calendar year for which they are issued.

## Hunter and Bowhunter Education

- To buy a hunting license, all hunters must show proof that they have completed a hunter education course if they were born on or after January 1, 1975, unless they have held a valid hunting license from Idaho or another state.
- To buy an archery permit, all bowhunters must possess a valid hunting license and show proof they have completed an approved bowhunter education course or show evidence of having been licensed for an archery-only hunt in Idaho or another state, or complete an affidavit to that effect.
- Course and registration information can be found on Fish and Game's website or by contacting any Fish and Game office.
- **Individuals planning to participate in fall hunts are encouraged to enroll in a course before June 30, as the**

**number of courses offered becomes very limited closer to fall hunting seasons.**

- Prospective hunters have two course options to receive their certification: **Instructor-led Course** – 12 to 18 class hours plus an outdoor field day and final written exam. **Online Course** – A two-phase course begins with a self-paced, online instruction and an online exam. An additional outdoor field day is required for hunter education.

## Refund Policy

No refunds will be made on resident licenses, tags or permits. Nonresident hunting licenses and tags may be refunded less issuance fees and a \$50 processing fee, in the event of:

- Illness or injury that disables a license holder for the entire applicable hunting season.
- Military deployment of license holder due to armed conflict.
- Death of the license holder's parent, spouse or child.

Tags and license must be returned with proof (death certificate, obituary, written justification by a licensed medical doctor, or copy of military orders). Hunting license fees will not be refunded after the license is used to apply for a controlled hunt or to buy a turkey, mountain lion, bear or gray wolf tag. The request must be postmarked by December 31 of the year in which the license was valid, except for "event of death" refund, which must be submitted within 1 year of the death.

A controlled hunt permit and tag may be made available in the same hunt for purchase by an immediate family member of a person who died before using his or her tag. Contact Licenses at (208) 334-2592.

If a refund is requested for any other reason, only the tag fees (not the license or permit fee) may be refunded at the following sliding scale rate:

- Postmarked before April 1 – 75 percent refund.
- Postmarked April 1 through June 30 – 50 percent refund.
- Postmarked July 1 through August 31 – 25 percent refund.
- Postmarked September 1 through December 31 – No refund.

## Resident Disabled Licenses

Anyone certified as eligible for federal supplemental income (SSI), social security disability income (SSDI), railroad retirement board disability, a nonservice-connected veteran's pension, or a service-connected veteran's disability benefit with 40 percent or more combined/overall disability rating, may qualify for a "disabled" license. Bring current year documentation when applying. Disabled licenses may be purchased at Fish and Game offices, selected license vendors (see website for list), and through the mail.

## Disabled Hunter/Companion

The rules for a companion assisting a disabled hunter allow the companion to take an animal that has been wounded by the disabled hunter and to place and validate the disabled hunter's tag on the animal.

The rules apply for disabled hunters who possess a valid disabled combination license, a nonresident disabled American Veteran hunting license, a disabled archery permit, or a disabled hunt-from-a-motor-vehicle permit and a valid tag.

The companion is not required to have a tag or controlled hunt permit to assist a disabled hunter. However, the companion must have a valid license and applicable special weapon permit (i.e. – for an archery only hunt, the companion would need an archery permit) when assisting a disabled hunter.

The companion must have a written statement of designation from the disabled hunter while hunting with the disabled hunter or assisting them with taking and tagging their harvested animal. The statement must include the disabled hunters name, address, hunting license, big game tag number and the dates of the designation as a companion.

The companion must accompany the disabled hunter while hunting and they are required to be within normal conversation or hearing range without shouting or the aid of electronic devices.

For more information about the rules for a companion to a disabled hunter, please contact your local Fish and Game office.

## Resident Lifetime License Certificates

The purchase of a lifetime certificate could be the best investment you ever make. Lifetime certificates authorize all privileges associated with a corresponding annual license, are valid for the life of the certificate holder and are available to Idaho residents. The lifetime certificate does not include tags and permits. If a lifetime certificate holder moves out of Idaho, they will continue to receive an annual license, but will pay nonresident tag and permit fees. Lifetime certificates can be purchased at IDFG offices only.

Applicant	Combination	Hunting	Fishing
0 - 1 year	\$795.50	\$276.75	\$601.75
2 - 50 years	\$1,113.00	\$386.75	\$841.75
51 and older	\$636.75	\$221.75	\$481.75

## Idaho Residency Requirements

Proof of residency is required to buy any resident license. A previous year's license is not proof of residency.

**1. Drivers must present:** A valid Idaho driver's license and must have been domiciled in the state of Idaho for the last six months immediately prior to purchasing a resident license, tag or permit. Owning real property or paying property taxes within the state of Idaho does not in itself establish residency. Claiming resident privileges in any other state or country will compromise your resident status in Idaho.

**2. Non-drivers must present:** An Idaho identification card issued by the Department of Transportation; or a combination of two documents bearing your name and address but not issued by yourself.

### Examples include:

- Home utility bills for the previous six months.
- Rent receipts or mortgage statements for the previous six months.
- Notarized statement from an employer on business letterhead.
- Proof of voter registration dated six months prior.
- For a minor child under 18, identification from a parent.

**3. Military members:** A member of the military service of the United States or a foreign country, state National Guard or Air National Guard, together with spouse and children under 18 years of age, residing in his/her household, who have been officially transferred, stationed, domiciled and on active duty in the state of Idaho for a period of 30 days last preceding application, as long as such assignment continues, is eligible to purchase a resident license.

To show eligibility you need: A current "Military Status and Residency Affidavit" signed by first sergeant, section commander or commander; or a current request and authorization for permanent change of station showing a 'report no later than' date within the last 60 days; or a combination of two documents given in number two (2) above dated thirty (30) days prior.

This is a summary of residency requirements, for additional details see Idaho Code 36-202(S) and 36-405; online at [idfg.idaho.gov/title36](http://idfg.idaho.gov/title36) and [idfg.idaho.gov/idapa13](http://idfg.idaho.gov/idapa13) or contact your local Fish and game office. Persons who do not qualify as residents must purchase a nonresident license.

## Hunting Passports

Hunting Passports are available only to first time hunters. Anyone who has previously held a hunting license in any state is not eligible. For more information, visit: [idfg.idaho.gov/hunt/passport](http://idfg.idaho.gov/hunt/passport), or contact your local Fish and Game office.

## HUNTING PASSPORT

*There is simply no better way to introduce a new hunter to the safe, ethical and responsible aspects of hunting than with the close supervision of an adult mentor.*

Idaho's Hunting Passport is a component of Fish and Game's mentored hunting program. The Hunting Passport allows any first-time hunter, resident or nonresident, age 8 and older to try hunting with an adult mentor without first having to complete an Idaho hunter education course.

- Hunting Passports are only available to first time hunters. Those that have previously held a hunting license in any state are not eligible.
- Hunter Education certification is not needed to obtain a Hunting Passport. If an individual has completed a Hunter Education course but has not yet purchased a license, they are eligible for a Hunting Passport.
- The minimum age to hold a Hunting Passport is eight years of age; there is no maximum age.
- Must be 10 years of age to hunt big game, turkey and sandhill crane; 8 years of age to hunt other game birds, upland game animals, furbearers, predatory or unprotected species.
- The Hunting Passport is a calendar year item just like a hunting license and expires on December 31 of the year in which it was obtained.
- Only one Passport can be purchased in a lifetime—except an 8 year old may obtain a passport each year until reaching 10 years of age. To continue hunting after the Passport expires, completion of a hunter education course and license purchase is required.
- Available at license vendors, online and Fish and Game regional offices.
- Cost is \$1.75.
