

# 2021 & 2022 MOUNTAIN GOAT HUNTING SEASONS

## Mandatory Check and Report Requirements

Any hunter killing a mountain goat must present the horns and have a big game mortality report completed at an Idaho Fish and Game regional office or by a conservation officer within 10 days after the date of the kill. Fish and Game's headquarters office is not equipped to check in mountain goats. In the Boise area, these animals can be checked at the Fish and Game regional office in Nampa (15950 N. Gate Blvd, 208-465-8465) weekdays between the hours of 8 a.m. and 5 p.m.

A hunter may authorize another person to comply with the above report requirements if that person possesses the necessary information to accurately complete the necessary form, see page 32.

Unsuccessful hunters must present or mail their unused tags to a Fish and Game office within 10 days after the close of the season for which the tag was valid. Tags can be mailed to: Idaho Fish and Game, Attn: Wildlife Bureau, PO Box 25, Boise, ID 83707. Cancelled tags will be returned to the hunter upon request. Failure to report may result in future ineligibility in mountain goat drawings.

No person who has harvested a mountain goat in Idaho since 1977 may apply for a mountain goat tag in Idaho.

**Drawing Odds:** To review drawing odds and more detailed information about number of applicants please visit our website at [idfg.idaho.gov/CHodds](http://idfg.idaho.gov/CHodds).

## GOAT IDENTIFICATION

Mountain goat hunters are strongly encouraged to harvest billies because taking nannies can lead to smaller herds and less productivity.

Hunters can take either sex because it is difficult to distinguish between males and females, but some Idaho hunt areas have been closed or allocated fewer tags due to high nanny harvest.

Fish and Game encourages hunters to learn how to identify billies and nannies before their mountain goat hunt.

### Can you tell the difference?

Find out by watching the goat identification video from the Rocky Mountain Goat Alliance at [goatalliance.org/pages/goat-identification](http://goatalliance.org/pages/goat-identification)

For details on controlled hunt rules and restrictions please see pages 37-39.

Hunters: Please check Mountain Goat Controlled Hunt Area descriptions on page 27. Hunt Areas may change.

## 2021 & 2022 Mountain Goat Controlled Hunts Either Sex - 41 Tags

Either sex may be taken except a nanny accompanied by kids

Hunt No.	Controlled Hunt Area	Tags	Season Dates	Hunt No.	Controlled Hunt Area	Tags	Season Dates
